Mid Winter Regatta
February 2009

Message From The Commodore Larry Golkin

Lately I have been seeing a lot on the news about our **President's First 100 Days**. Well, I thought I would take a stab at it as well. I

think you would agree, the first three months of this year have been a lot of fun. Moreover, as an organization, we have made some serious strides.

In the first 100 days, we all recouped from a fabulous New Years Eve. We had the Commodore's Cruise, Birthday Bash, and British Brass. We enjoyed Change of Watch, Open House, Texas Holdem, and Ship Shape. Movie nights have been splendid, and CIYC took back the "Vincent Lombocce" Trophy from Ventura Aisle Marina. The Islanders installed their own, and we ate some good beef thanks to the Beefeaters. Let us not forget the outstanding Wednesday night meals. If that were not enough, we were all shaken, not stirred at Ed Calo's 50th Bond Birthday Party. Moreover, we appreciated ourselves with Jack's help at our club's Membership Appreciation Days. Italian night was a hit, as was the SCYA Racing Rules Seminar and the Super, Super, Super Bowl party. Now, if that were not enough, St. Valentine paid a visit and dressed all the pretty ladies in red. February saw CIYC host the annual SCYA Midwinter Regatta (AGAIN!). At least three of our members took the SCYA Race Management Seminar and passed the test. St. Patrick's Day would not have been the same had it not been for the great corned beef and cabbage Chef Dave put on. Our Bylaws got worked on, our club's main office is constantly in motion, and Brenda has our faith restored in the club's financial condition. There was some excellent weather for cruising in March, some good races our racers raced in, and whales were not plentiful, but they were there. And then, there's Ruth and Paul's Taco feast and the Big Dick Award! The club hours have been expanded and everything seems to be working well. I think we can say that we accomplished more than our President thus far in 2009 – the first 100 days.

I sense that you all enjoy our activities and do so without the slightest concern as to how it all happened. I want to tell you that this is because of the outstanding work of your Board of Directors. Joyce, Carol, Jackie, Diane, Tom, Connie, Georgie and Mary work so hard, and yet make it look so easy. This is because we work together as a team and seek consensus at every turn. This is evident in everything the Board does, and it is so welcome. I cannot thank these hard working folks enough. They are a great bunch of folks to work with. Please share my applause and give them a pat on the back when you see them at the club.

Thanks to you all for a great first 100 days. I am actually really enjoying myself. More importantly, I hope you are enjoying yourselves. **It's fun to be at CIYC.**

Message From The Vice Commodore Mary Foster

April is here: Daylight savings time is here. The daylight is longer and gives us more time to be on the water.

Your racing team is already making a show. **Quiet Times** brought home the gold.

Tom and crew are now on the trophy for the **Midwinter Race**. Review the photos on the website. **Don Lehman** has always taken some fantastic pictures.

Shelly from **Zoarces** took a second last week. Another race is off and running this week end March 21st.

Ruth Hatcher and the annual **Whale Watch was March 22nd**. A wonderful time for all as always.

Opening Day for CIYC is upon us. **April 5th Jane** has the parade functions well in hand.

April 11th is the **Lady at the Helm**. This race will be one of our most fun events of the year. Our ladies will be competitive and will also give a show of all shows. The challenges are out and have been accepted.

We will be off to **Ventura Yacht Club** the week end of **April 24th**. Sign up to attend the **Saturday Pot Luck Dinner at the Ventura Yacht Club**. This is always fun and we would like to be well attended.

Cheer on **Harry** and the crew of **Fusée**, including our **Commodore Larry**, as they race from **Newport to Ensenada**. Several club members will be going to watch them leave Newport and welcome them in at Ensenada.

Wet Wednesday races are almost here and your racing team will be well represented.

From Power Boats to Sail Boats CIYC stands out: Our Anglers, our Cruiser Navigation and our Cruising we are number one. Why you may ask? It is because of the involvement and support of our members. We can take pride in our accomplishments and our beautiful club facility - *that* is what makes it happen. If you are not now involved, please do so because, otherwise, you are missing out.

Thank you to all our members, Commodores and support staff of CIYC for making us the best.

Mary

Fleet Surgeon
Patricia Andersen

Good news! I have a co-worker who is a CPR instructor. She will do a "Friends and Family" CPR class (no test) this spring. She will also demonstrate our **AED**. Keep watch for the date.

I found a very good article about **warning signs of a stroke**. If you or some one you know or love shows **these signs call 911**.

Sudden numbness or weakness of the face, arm or leg, especially on one side of the body.

1. Sudden confusion, trouble speaking or understanding.
2. Sudden trouble walking, dizziness, loss of balance or coordination.
3. Sudden, severe headache with no known cause.

Message From The Rear Commodore Georgie Olsen

Great Gatsby!

Another month has flown by. WOW! can you believe **Opening Day** is only a few days away.

I can't and I'm sure many of you are wondering, "where is the time going so fast?" At this rate, I'll be 110 before I blink but not to worry I don't think I'll be around that long. Ha Ha.

Let me take this opportunity to thank all the membership for approving your **Design Committee's** proposal to enhance your bar room. It will be clean, fresh, warm and most of all beautiful. We on the committee have worked hard to bring this to fruition. A very special thanks to your committee consisting of **Phyllis Lucas, Sharon Sullivan, Mary Foster, Joyce Sheridan, Opal Gilpin and myself**. These ladies, at one time or another, stepped up to the plate to give very important input as to the enhancement of your club. Personally, I think they all did a spectacular job. It is not easy to please ALL the people ALL the time but, with concerted effort to compromise and discuss, we found a solution and a game plan. We hope you have been pleased with the results. I know I am.

I especially want to thank **Miles and Leanore and Dan Ward** for jumping in and helping **Dick and myself** dismantle the room in preparation for the remodel. It took us a good day to do this and we had fun and laughed a lot while wiping our brows. The contractor jumped right in and has, by now, completed the room for you. Again, Bob Deyling, Dan Ward along with Dick, Miles, Phyllis Lucas and yours truly worked at sealing the wood, painting the ceiling, painting the window boxes, door jams and anything else that needed to be done. As you know, it is very hard to write this article when I know so many more of you will be there to give a helping hand through the rest of March and I promise to include your names in May's news letter.

I also want to thank all of the members who showed up for the ship shape in February. Can you imagine that 24 wonderful members came and pitched right in working very hard to move pictures and put up the burgees, clean the kitchen and BBQ's, polish your chairs and general house keeping?

Don't think for one moment that this Rear Commodore isn't very appreciative. All of you showed me that the love of the club is still alive and well. Thanks to all of you for helping me and my house captains keep your home away from home special and tidy. I'm confident that the Ship Shape on the 21st will be as much a success. I will however need more of your help on Friday the 3rd and Sat the 4th of April. We must have a Bristol ship to share with our fellow Clubs that will attend our special day. I will coordinate on Friday and Dick will be in control on Saturday as I will be at other Opening Days in our area. Please give a hand.

Thank you again from the bottom of my heart and know that as long as possible I will continue to serve our club to the best of my (and Dick's) ability. If you need something or see that something needs repair please bring it to our attention.

Just one more note on our wish list for the bar; we would like to have two flat screen TVs for each corner of the bar no bigger than 32". If you know where we could find inexpensive ones or wish to donate to cause, please call me. Rita Decaussin (Wendland) is donating a 65" for our dining room in Fred Wendlands' name.

Life is good and all of you are great and special people that is what makes CIYC the best added family you could have.

Your Rear Commodore, Georgie

Channel Islanders Georgie Olsen

Greetings Ladies,

Our function in March was a wonderful success. Hats off to **Evelina and her crew**. The food was, again, wonderful and plentiful. I wish I could cook like this but perhaps not, as I generally eat what I cook and can you imagine? No, don't! I guess the guy upstairs knew what he was doing in not making me a good cook. Ya think?

Our Commodore wooed us with an informative speech and stories. **Thanks Larry!** It was so nice to have had you for the evening and it is special to have you at our Helm.

Your board has been hard at work to put together a menu for **Opening Day**. We have come up with a great one. We will need many of you to step up and either give of your time or donate something for the tables or put a check in the dinner book to defray some of the cost of the food and flowers for our special day.

Past first mate, **Sylvia**, will be there on **Sat** to give you direction as to table setting and anything else that needs to be done in preparation for **Sunday**. **Joyce, Jack, Dave Gable, Tom & Carole Naylor, Ruth and Paul Hatcher** have all indicated they will be making some of the menu for us but anything you can muster will be greatly appreciated. Remember Ladies, the Islanders are the strong backbone of CIYC and we always make our club shine and run efficiently so come on down to help in one way or another..

It has come to my attention via our Second Mate that the people who would be putting on the fashion **show** in May will not be able to do this date. We will be **changing this event to August** and will do something else in May. I will have this for you in the May Currents or at the March or April general meetings. As soon as I know, you will.

Thank you, in advance, for all of your hard work and love for this club.

Georgie Olsen

April 18 - Beefeater Rib Eye Dinner - Chef Tom Warden

April 25 - Ventura Cruise BYOM to Ventura Yacht Club

**Thank You,
Joyce Sheridan**

HISTORIAN - Bud Gerding

As I Remember – Out of Clubhouse

* During the **Valentine's Day party** at the club, the band played the song **Elvira**. It reminded me of a CIYC member's **excursion to Santa Maria** to attend a **Rodeo**. There were 50 or so people included on this venture where we essentially took over an entire motel for our party. We planned to have a BBQ and dance to recorded music provided by our Tape Players; this was prior to CD's. Motel management gave us permission for this party, little did they know what a real party was.

We had a bartender with all required supplies, a cook with steaks and side dishes, and a firefighter who had trouble building a fire for the charcoal and our tapes and Players.

The party was soon under way. Dinner was eventually completed and it was time for dancing. The food was good, the drinks were good and as the night and the party progressed and the music reflected the time that Line Dancing was popular. We had previously made a tape with the song **Elvira** recorded end-to-end 7 or 8 times so that Elvira continued to play for **more than 25 minutes**. This was the final music for the night with some dancers unaware of the length of Elvira. Lots of fun and we still made it to the Rodeo the next day, cowboy hats and all.

* A **glass of wine** reminded me of a Land Cruiser [RV] trip by CIYC members to **Napa Valley Wine** country, there were 11 or 12 vehicles in our caravan. We stopped the first night in an RV park in San Juan Bautista. After a dinner party at The Cutting Horse Inn, we returned to the park for a nightcap, or so, as we planned on an early departure the next day. During the wee small hours of the night, a loud noise awakened most of our group. It turned out one of our members had a 'head' call and opened a door he thought to be the bathroom. It turned out to be the RV's main entry door! Following a noisy head-first fall into the parking lot, his wife heard him rumbling around outside and called out "Quit fooling around in the parking lot and get back in bed". A large bruise on his head provided something to talk about during golf, mud baths, wine tasting, BBQing, and eating during our few days in Calistoga.

Maybe a **coincidence**, but the day after our Land Cruisers returned home from the Northern California wine country was the **day of the San Francisco Earthquake prior to the 3rd game of the 1989 World Series**.

Disclaimer

The phrase "As I Remember" may be affected by age, booze, golf, sex, and many other good things and may lead to some inconsistencies.

Bud Gerding

Angler's Corner

Frank Sullivan

I attended the meeting in Irvine with Hubbs Research and got more information on the new use of our WSB grow-out pens. Hubbs Research is planning to hold adult White Sea bass in the Channel Islands pen this year, as part of their brood stock collecting efforts. They want to maintain a total of 200 brood stock, they currently have 165 and many are getting too old and too big for the facility. They also wish to diversify the genetic sources of the WSB fry. To this end they are planning on replacing 50 of the older fish every year with new wild ones to continue the program.

Hubbs is in contact with Steve Kelly on the Island Tak and Joe Villarreal of the Mirage, a couple of local sport fishing boats that are willing to help collect live animals for our pen. The Island Tak is confirmed and the Mirage is probable. We will need to install one of the containment nets by April 10th so they can begin the process.

Michele Dilldine, CIYC member and owner of the Anacapa Dive service, had two of her divers, over two days, clean the bottom of the pen floats and the predator net. She did this as a donation to the program. If you see her please show your appreciation.

Upcoming events:

April 19th **Annual In-Harbor Fishing Tourney**
June 7th **1st Annual Guys vs. Gals Fishing tourney**

No fish was turned in for the Big Fish of the Month of March as of this going to press!

"Big Fish of the Month"

\$50 prize

is awarded at the end of every month...however, you can only win once per year. Legal fin fish only and no sharks.

"Big Fish of the Year"

At the end of the year there will be a Big Fish of the Year award for \$100.00. it does not have to be one of the monthly winners, it can be a tourney fish or not, so if you win one month don't quit, the next fish you catch may be worth \$\$\$\$

SOUTHERN CALIFORNIA-DREDGING-PORT HUENEME

Manson Construction Company will conduct continuous dredging operations from 22 Jan to 22 Apr 09 in the approach channel, turning basin and wharf areas, located in approximate position: 34-09-01 N, 119-12-26 W. D/B VULCAN, tug GLADYS M, and survey boat WAHOO will monitor VHF-FM chan. 16 and 67. Mariners are advised to transit the area with caution, only after making passing arrangements with vessels on-scene. For more details or comments contact Manson Construction at 310-521-1302.

The **first Cruiser Navigation contest of the year** is scheduled for April. Here is some limited information in case some members are not familiar with this event.

Cruiser Navigation is a boating contest designed to test the nautical skills of a boat, skipper and crew and knowledge of the sea. This is basically a powerboat function but could also be participated in by a sail boat under power. One description [dated 1986] of the type of boat required to enter the races is as follows; "First of all a boat must be at least 19 feet long, have an inboard engine, two bunks, an ice box, a head and a stove." This description would fit many boats, sail or power.

A Cruiser Navigation contest is conducted over a course of several legs laid out on the water with turning points, at the end of each leg, as identified by latitude and longitude points as well as other known fixed points, such as an oil rig.

The Skipper calculates the amount of time required to run each leg of the course considering sea conditions, wind, speed of the boat and other intangibles of the day. The object of the contest is to determine how close the Skippers predicted times compare to actual times required to complete each leg of the entire course. The differences between predicted times and actual times are then calculated to determine the boat with smallest error between the two times to determine the winner. Each boat must have an observer on board to observe the actual times required for each leg of the course. The observer is an integral part of the over all contest

Cruiser Navigation competitions are against other Yacht Clubs as well as other boats within CIYC. Local Yacht Clubs sponsor several races over the season, which includes a series of races. To determine the overall winner, the winner must win a majority of these races

Cruiser Navigation was originally named Predicted Log Race; the name was changed as some Insurance Companies thought this sounded something like drag racing. Cruiser Navigation is probably a better name as to negotiate several legs against a time clock can make these races a tough navigation problem considering vagaries of wind and sea.

The forerunner of the Predicted Log Races were held over distances such as Santa Barbara to Channel Islands Harbor, Catalina to Channel Islands Harbor and others. Currently the Races are held in the Channel Islands Channel.

This is a very interesting club event and should be experienced by as many members as possible. Check it out and have some fun.

Bud Gerding
