Third Classical Guitar Recital at CIYC
Tuesday, May 26, 7:00PM (club opens at 6:00PM)

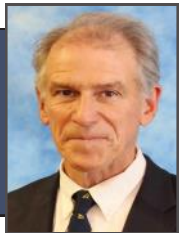

This is what guitars looked like in the 1700s and 1800s. This is the period when the most beautiful early romantic music for the instrument was composed by Giuliani, Sor, Carulli, Carcassi, and others. This is also the time Beethoven and Rossini were creating their masterpieces. Three historical guitars will be on display and may be played.

*Our featured guitarist, **James Bishop-Edwards**, has been a performer, teacher, and recording artist for over 40 years. His credits include more than twenty recordings, and he has published a number of arrangements for American, Spanish and European classics. He studied with world-renowned Christopher Parkening, Ray Reussner, and Manuel Barrueco. His performances include: La Guitarra California Festival, as a soloist with Santa Barbara Chamber Orchestra, and many others.*

*Accompanying him will be flutist **Suzanne Duffy** and guitarist **Roma Sprung**. This recital promises to be an extraordinary event – one of the best ever at CIYC! (This is an Open House event – non-members welcome.) The event is free.*

Zoran and Erika (zbarbaric@hotmail.com)

Message From The Commodore Dave Wardlow

Howdy Folks: Hard to believe it's May already. Here I sit writing this to you on my 66th birthday feeling healthy, happy and reflecting upon where life has taken me. If you had asked me a year ago what I would be doing now, I would have probably said the same thing, "just another day." Well, that is far from the truth. I persevered through last year, then stood back and looked forward. I said "what do I have to lose?" So I put my spurs back on my boots and saddled up. With your support, we are back in the saddle again. As I stated at the August meeting, there is a new Sheriff in town.

I know I am the Commodore of your yacht club, but life does run in parallel - what does that mean? It means we are in the wind and connected by water which connects us to everything making us one with nature. I had nothing to lose by exposing to you who I really am, including my tenacity for life. Obviously, I have your attention, so let's have fun and do what is right and get this ship on course .

Our Special Meeting convinced me that, with your support, we will make Channel Islands Yacht Club one of the premiere examples of what a yacht club is supposed to be about. Thank you.

Over the past year, I observed something that I have termed "Senior Puberty." I thought as we got older, we became wiser and reflected compassion and wisdom in our lives and moved forward. What I was seeing was the opposite. So I thought I would challenge it and move forward to see who was right. Now that challenge has been answered.

With my recent loss in mind, I leave you with the words that Sally's family texted me:

Sally Jo went home to be with the Lord today. Her Spirit is now soaring above us riding free and happy with the wild horses and dogs. Rejoined at last with her lost loved ones. She was deeply loved and will be truly missed! Ride Sally Ride!

The Giamo Family

Thank you for your cards, thoughts and prayers. Just wanted to let you know I am on the mend.

Thank you

Dave Wardlow

Your Commodore

Message From The Vice-Commodore Vidar Bech

New TV in Dining Room

It started with a broken connector in the back of the old TV and we wanted to put it on a new bracket too, so we could turn it. It took six of us to take it down, replace the broken connector and wire and put it back up. It was HEAVY and two of the guys offered right then to donate \$100 each for a new TV. I took them up on that at the Saturday dinner that evening and within 5 minutes, we had \$1600 donated. It goes to show that our members will give when asked. The generous ones were **Mike and Karen Farrell, Bob and Pam Nast, Graham and Kicki Paine, Bill and Vera Cline, Zoran and Erika Barbaric, Skip and Laurie Preston, Bob and Marylou Taylor** in no particular order. **Thank you so much.** The new one is a Smart TV, capable of hooking up to the internet, receive Netflix, Hulu etc., operate on Wi-Fi, hook up to PC's, iPods and more.

Showing off the new TV was a **Lift Fundraiser Dinner Pam and Bob Nast** arranged. We watched the Boxing Match of the Century between Pacquiao and Mayweather Jr. while having a Philippine menu in honor of Pacquiao. Good food, mixed feeling on the fight but we raised almost \$900 for the Handicapped Lift and had a lot of fun.

Mother's Day Lunch was not very well attended, but those of you that did not show should be sorry missing out on a great lunch put on by our Commodore **Dave Wardlow** and the Board.

Our **Wednesday night dinner** menus are becoming more international. We had **Nancy and Sheldon Berger** making a fantastic Cuban Specialty and drinks, **Bob Ridenour and Jairo** did a "Chicago by the Sea" dish, **Karen Farrell and Marnie**, Italian sausage and peppers and **Janette Sosothikul** will do the last one of the month. **Thank You** everybody and your crews for those delicious dinners.

By the time you read this **Bocce Ball** will have started under the supervision of **Shelly and Dan Ward**. That should keep the Bar humming on Thursday nights. I am sure the **Classical Guitar Recital** was again a great success, like always, thanks to **Zoran and Erika Barbaric**.

Flooding

On Monday May 11, suddenly the office was complaining of water coming in buckets through the ceiling, much more than previously with problems in the Bar. A water pipe in the wall behind the Bar had sprung a leak. Our regular plumber repaired the pipe and cleanup was started right away. The office carpet had to be removed, cleaned and the drying is ongoing as this article is written. I guess our clubhouse is showing its age.

Coming up in June on the:

2nd, British Brass Concert

6th, Epicureans Dinner

20th, Father's Day Dinner (by the Islanders) and show

27th, Dinghy Party by Gary Johnson

28th, Song Circle Musical with Bill Lynch and friends

Vidar, VC

Message From The Rear-Commodore Jim Lovins

Currents June 2015

Two boats represented CIYC in the Newport to Ensenada Race. Bill Brayton (RAM) and crew on Maverick. Mary Howard and Curt Ingram on Magic. Our participating club members reported that at the start of the race, the wind was light to non-existent (true story). This condition continued for most if not all of the race. Maverick finished 4th in Cruz-non-spin A class, corrected time between the first four boats was 2+ minutes. Mary and Curt finished 9th; double handed with four legged friend Gracie on board. Congratulations to both racers and crews for representing the club.

Speaking of racing, Shelly Johnson and crew placed first in class, participating in the Anacapa to Port. Conditions were brisk. The back side of Anacapa was cleared in one hour and 30 minutes. The reach home was a ride (true story). Congratulations to “**Shel**” and crew aboard Zoarces.

Sailing News:

June 6 – Governors’ Cup (Random Leg)

June 13 – Platform A (Anacapa #2)

June 14 – Summer Regatta (PHRF)

Summer Regatta (One Design)

June 20 – Pac Cor Cup #3 Yachting Cup Windward Leeward

June 27 – Frenchy’s Rum Run (PHRF)

June 27-28 – Channel Islands to Marina Del Rey

Channel Islands to Marina Del Rey race is sponsored by CIYC and SMWJ yacht clubs. CIYC starts the race, RAMS and other members, this is a great time to get involved.

All sailors and RAMS are encouraged to participate in the Wet Wednesdays. All skippers that are looking for an opportunity to have a go at a lot of fun, look to the members of the club for crew. If you can start the race great, otherwise, enjoy the sunset (any finish would be great).

Jim, RC

Anglers' Corner - June 2015

By Frank Sullivan

Fishing Report:

The Ladies Fishing tournament was a great success. Despite cool blustery weather and typical early spring fishing conditions, we had 19 determined women anglers competing on 4 boats. The boats were ***Dawn Patrol***, ***Joysea***, ***Valkyrie*** and a relatively new member's boat, ***Nepenthe*** owned by **Mark Palamountain**. This is an unusual fishing year. By the time this tourney starts, the big White Sea Bass usually are in, but they are late this year; we started the tourney a little earlier this year as well.

The First place went to our own popular bartender, **Cecily McClelland** on the ***Nepenthe*** who caught a 6.9lb Sheep Head; 2nd place was won by a new member, **Mary Naumann** on the ***Dawn Patrol*** with a 4.43 lb. Lingcod; and **Joyce Johnson** on the ***Joysea*** got 3rd with a 3.7 lb. Boccaccio (Salmon Group-er). Congratulations to all the ladies who participated, especially the new members. Everyone seemed to have a great time on the water.

Ladies Fishing tournament

Ladies Fishing Tournament
May 17th

The Big Fish of the month for April was a 2.5lb. Red Rock fish caught by Lisa Palamountain:

Ladies Fishing Tournament
May 17th

WSB grow out pen update:

May 4th we treated the fish in both pens with a peroxide solution for gill parasites and released the fish in pen #1. On the 5th we re-treated the fish in pen# 2, then on the 6th we treated them a 3rd time then released them. In total we released about 7600 fish from the over winter cohort. We will be getting a delivery of about 33,000 new fish in late June to hold over the summer.

Upcoming events:

June 7th

September 11th

September 12th to 16th

September 18th

November 21nd

Men's Fishing Tournament

Channel Islands Bill Fish Tourney Kickoff Dinner

Channel Islands Bill Fish Tournament

Channel Islands Bill Fish Tourney Awards Dinner

Anglers' Awards Scampi Dinner

Chronic Obstructive Pulmonary Disease COPD Overview

COPD, or chronic obstructive pulmonary disease, is a long-term lung disease that refers to both chronic bronchitis and emphysema. COPD symptoms include persistent cough with mucus shortness of breath and tightening sensation in your chest.

COPD is most often caused by smoking. Most people with COPD are long-term smokers, and research shows that smoking cigarettes increases the risk of getting COPD.

Long-term exposure to other lung irritants also is a risk factor for COPD. Examples of other lung irritants include secondhand smoke, air pollution, and chemical fumes and dust from the environment or workplace.

Most people who have COPD are at least 40 years old when symptoms begin. Although uncommon, people younger than 40 can have COPD.

COPD can be a mixture of two diseases: chronic bronchitis and emphysema. Both of these diseases greater the chance of COPD caused by smoking. Even though you can have either chronic bronchitis or emphysema, people frequently have a mixture of both diseases.

Possible treatments for COPD can include, quitting smoking and avoiding triggers, such as air pollution. Limit your symptoms, such as shortness of breath, with medicines.

Increase your overall health with regular activity. Prevent and treat flare-ups with medicines and other treatment.

COPD Health Center -- WebMD. (2015, January 1). Retrieved April 30, 2015, from <http://www.webmd.com/lung/copd/default.htm>

Message From First Mate Pam Nast

Dear Islanders and all CIYC Members,

Can you believe it is already June 2015?

Vera Cline's Father's Day Dinner is coming together in surprising and delicious ways! This is an Islanders Event, but we mere peon Islanders want you to know whose show it really is ... well ... the show part is Barbara Brauns and her troupe of talented CIYC members! So! Please sign up for June 20th! \$25.00 for a great dinner and a fabulous floorshow! The theme this year is "The Rat Pack" ... so, if you feel inclined ... please ... dress in appropriate early 1960's attire! How about it ladies ... dresses, hair, heels, and jewels? Shiny, skinny lapels and ties for the guys? Let's have some fun!!!

I know we are all looking forward to a fun summer with CIYC Dock Parties, 4 of July festivities and family outings ... while we are having our fun ... we should be reminded that California is experiencing an horrific drought. Therefore, I would like to mention a few suggestions for helping to conserve water:

1. Put a bucket in your shower to collect water lost while the water is warming ... use the water collected to water plants . boil pasta . whatever seems reasonable. Or ...
2. Leave the bucket in the shower to collect water lost while you shower ... use the soapy water to flush the toilet ... or wash the car?
3. Do not leave the water running while you brush your teeth.
4. Whenever your driveway, sidewalk or deck requires cleaning ... use a broom rather than a hose.
5. Use your dishwasher or clothes washer for FULL loads only.
6. Check water conservation web sites such as: www.takemefishing.org and <http://wateruseitwisely.com/> ... there are [many](#) useful sites to explore for tips.

Never believe you have a right to anyone else's resources. Look at the moon and imagine someone else, somewhere else looking at it too . We are all on this earth together ... so, let us all do our very best to leave a viable planet for our children and grandchildren.

Pam Nast,
Islanders First Mate 2015

Oxnard, CA 93035

Hours

9 am – 5 pm (12 noon – 1 pm for lunch)

Cost

\$45 (textbook to be purchased separately)

Audience

This course is ideal for newer boaters and family members of older boaters, including children

To Enroll

Contact Paul Fielding, Instructor
marsturm@earthlink.net
(*Note:* enrollment is by e-mail only)

UNITED STATES COAST GUARD AUXILIARY

Information & Instructions for Boating Skills & Seamanship

The Coast Guard Auxiliary, which is the civilian volunteer component of the U.S. Coast Guard, offers Boating Skills & Seamanship (BS&S) for the recreational boater. Our *BS&S* course is designed for the beginning boater, but it is well suited for *all* boaters and *all* age ranges. Because of its extensive safety content, the course is especially valuable to family members.

The *BS&S* textbook is Boating Skills and Seamanship (14th edition, © 2013), published by International Marine/McGraw Hill Education. The publisher's official website is: <http://www.mhprofessional.com/category/?cat=3667>. You may order your textbook from either the publisher or an internet bookseller (e.g., Amazon or Barnes & Noble). (You may find a reduced price at an internet bookseller.) Please be certain to order the correct edition.

Once you order the course textbook, it is yours to keep as a permanent reference! No textbook refunds can or will be made for any reason (including course cancellation due to poor enrollment). No tools are necessary—just bring pencils and note paper to class.

Enrollment is by e-mail and you must contact the instructor, who will send you the study questions to be completed before class.

The Coast Guard Auxiliary is an instrumentality of the U.S. Government and your course fee of \$45 (per person) will cover only incidental course costs. The fee will be collected at the beginning of your class. Please bring a check payable to "U.S.C.G. Auxiliary, Flotilla 7-2."

Ensenada Race Photos courtesy of Cindy Arosteguy

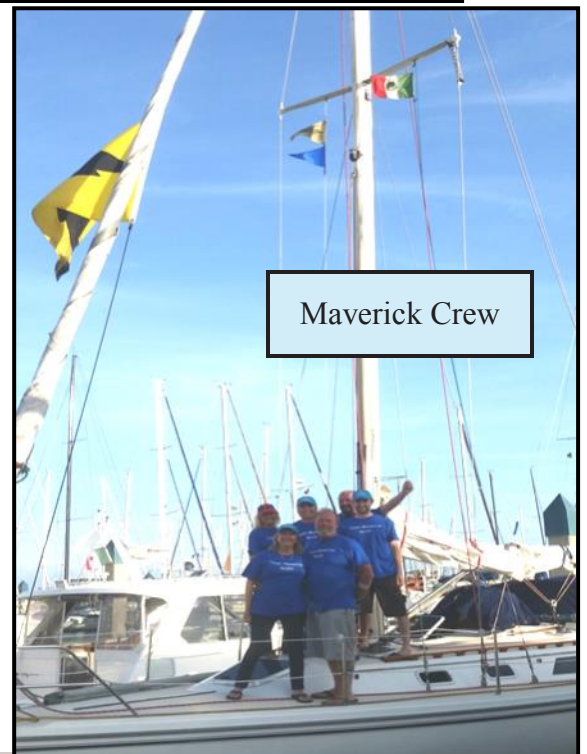

Bill at the Start, notice all of the classes that have started in very light (no?) wind.

Maverick Crew: Bill Brayton, Cindy Arosteguy, Jamie Brockman, Kyle Rogers, Dave Tarango and Doug Coon.

End of the line in Ensenada

Maverick Crew

LORD OF THE FLIES

True flies have only one pair of wings. I've always wondered how a fly, flapping its wings, and with its feet down, can flip upside down to land, feet up, on the ceiling.

House Fly (*Musca domestica*) accounts for 90% of flies in human habitations. They live between 14 and 30 days. In a lifetime females lay some 500 eggs. These are deposited in decaying organic materials (including the unmentionable one), from which, within a day or so, maggots emerge. Within a day and a half the female is receptive for dating. Flies can transmit some 100 diseases to humans. These include typhoid, cholera, salmonellosis, dysentery, and even parasitic worms. They do that by puking (to dissolve solid food), pooping, and trampling our food with their little contaminated feet. UGGHH!

Kelp Fly (*Coelopidae*) lives in the wrack zone. Wrack zone? That's part of the shore just above the mean high tide line where clumps of kelp and other seaweeds are stranded. These flies are of interest to fishermen and mariners, because: a) surf fish feed on eggs and larvae washed out of stranded kelp at high tide, and b) whenever the wind dies they appear on boats and annoy the hell out of the already frustrated, becalmed sailors. A good flyswatter should be on any well-appointed boat and count towards CIYC's Bristol Boat Award.

Bar Fly (*Drosophila melanogaster*) is a type of fruit fly that hangs around bars. This is because this 3mm-long insect loves moist, sticky areas and objects such as beer taps, drains, and wet mops. It also likes sweet liquors such as Kahlua, Cointreau, and Vermouth (who knew?). These small flies live only 48 hours. The trick is to keep the bar area clean and dry after hours, and to remove wet mops from the bar area. Lucky for us, we have meticulous bartenders, obsessed with cleanliness, so we have no bar fly problem. The other subspecies of bar fly are the humans who frequent bars and cannot be pried away.

Horse Flies (family *Tabanidae*) are real pests. Especially females. Females require a blood meal before they can reproduce. They only live for a few days and are desperate to mate. This means dinner first, then sex. Thus, they go nuts and bite livestock and humans. No wonder horses have tails to whack them. Horses are also able to twitch their skin muscles rapidly to shake them off. Humans just have to slap them silly, but these insects are very fast and maneuverable, capable of aerial acrobatics similar to jets (Immelman turn). Also, they are not easily deterred and will persist in attacking until they get a piece of flesh or are killed. These flies can transmit tularemia and some filarial worms in humans, and anthrax in animals. Although some horse flies contribute to pollination, basically the only good fly is a dead fly (except, of course, for the subspecies of human bar flies).

Zoran

Channel Islands Yacht Club

Disabled Veterans Sail Day

Sunday, July 26, 2015

On July 26th please join us and be a part of the second Annual Channel Islands Yacht Club Disabled Veterans Sail Day. We plan on taking about 200 disabled veterans on an afternoon sail, then head back to the club for food, drinks and giveaways. Please come and enjoy a day of sailing the Santa Barbara Channel. This is our way of saying "thank you" for your service to our great country.

Sail Day Event Details

10:00-11:00 hrs: Check in at the Channel Islands Yacht Club 4100 Harbor Blvd., Channel Islands Harbor, Oxnard. Light breakfast will be served for all attendees.

11:00-12:00 hrs: Sailboats take on passengers

12:00-15:00 hrs: Sailing on the channel

15:00hrs: Gather back at the CIYC Clubhouse for food, drinks and giveaways.

There will be no charge of any kind to our attending veterans and their families.

Reservations are required.

Due to the growing number of attendees we are limiting our party sizes to 4 persons. 1 Vet and 3 guests. Larger parties WILL be split up during the boating part of the day.

Please no children under 8 years old. If children attend please try to have an appropriate life jacket.

Please RSVP no later than July 10, 2015 to ensure placement on one of the Channel Islands Yacht Club participating host boats.

For more information on our July 26th Sail Day event, please contact Event Chairman Bill Brayton.
