## Message From The Commodore Larry Golkin

2009 has been an extraordinary year of change and development at Channel Islands Yacht Club. At the conclusion of last year, the membership voted for a “Minimum” program. Unfortunately, at the start of this year, we did not have the technology or the people to make it work. This was a major undertaking, and it took much of the first half of the year to make it happen. Space and personnel were required. Additionally, our club’s accounting mechanism had to evolve, and it had to do so very rapidly, in order to accommodate the Minimum program. In that regard, advancements in technology often require a lot of work at the beginning. Computers do not “think”, they only respond, and nowhere is the adage, “garbage in – garbage out”, more true than in the world of technology. So, it had to be right, before we could make it happen. This took an enormous effort. Soon enough, however, everything was in place. Accuracy and integrity, as well as efficiency in business/corporate accounting, the likes of which our club has never seen, were established. Fabulous people have been hired to aid in maintaining the processes. The equipment is in place. Our income has virtually doubled from last year. However, our costs have increased. We are open more hours, and each and every member enjoys unfettered access to the facilities any time they want. We completed the renovation of the club, leaving little for the incoming Rear Commodore to concern herself with beyond maintenance. Our water program has done well, and we went not a single week without fine meals and entertainment. What more could one ask for?

So where does all this leave us? It seems like every time we turn around, our club is asking more of our members; whether it is raising prices in the bar, maintaining higher prices for dinners, or literally demanding that we participate in each and every activity, lest we be accused of not “supporting” our club. We need the income. And throughout all of this, we have tried very hard to make our club a more user friendly place, a kinder and gentler habitat for us all. It is this “for all” that has been and will likely continue to be the most harrowing venture in leadership.

I believe we have entered into a new place; a place we are going to have to figure a way out of. I will refer to it as “evolutionary purgatory” (EP). EP may be defined as a condition in which we as a species are starting to evolve into a new species, but are stuck in between what we once were and what the forces of nature dictate we become. We started out 50 years ago as a self help club. Today, we have technology and processes in place to manage an environment our founding members clearly did not imagine, and a complexity of business operations that are, generally speaking, more than a self-help membership organization can manage without professional help. More importantly, however, the spirit of self-help is caught in limbo. Our club simply does not have the membership with the time, the energy, the will, or the desire to work as hard as our founding members did, or how hard several of our older members continue to do. There are multiple reasons for this including, but not limited to, the economy, the effects of aging, and the notion that life is stressful enough and that the club is for relaxation not work. Either way, the fact is we are no longer a unified self-help club, and we cannot afford to be a full-service club. We still depend on our members to “do”, but there is so much more to “do” and not enough folks to “do” it all. Yet, without a membership still willing to “do”, the club has no choice but to continue asking more from its membership – taxing its membership, if you will. I abhor taxes and abhor even more the concept of “tax and spend.” It is not even about the more efficient use of funds. They have to be used, and we need more of them. Unfortunately, short of growing our membership to larger numbers thereby requiring more in the way of administrative oversight and management, we simply cannot generate more income.

So, I realize I helped to get us here, to this evolutionary purgatory, but I think it was actually bound to happen. I just found myself in the middle of it, and made every effort to muddle through. We have a large group of members screaming for massive changes in club policy and character. We have others (actually a much smaller group) demanding that we go back to the way it once was. Then there is me, in the middle, with no vote, hoping the penultimate solution will rear its head amongst the discourse, only to be disappointed that, not even the slightest concept of what to do made itself apparent.

EP is tough, folks. I believe change is always difficult, and especially when it is necessary, because the cost can be extremely high. Not only in dollars, but to the people change effects. From a strictly scientific standpoint, an unfortunate side effect of evolution is the loss of species that are unable to adapt to changes. Our club, however, is not a laboratory where we can simply accept this kind of demise. We are compelled to seek a middle ground where evolution is seemingly ignored or temporarily halted for the sake of the few who do not want things to change. We cannot sacrifice the few for the benefit of the many. This part of leadership is certainly the toughest part. The toughest part is the balance – the competing currents make for turbulent waters to navigate in.

Nevertheless, we are very fortunate that there are still many members who are willing to step up and carry more than their fair share of the weight in helping maintain the original character of our club – the reason we became the foremost club around. Moreover, this year we had a much larger percentage of folks willing to carry a little weight – whatever weight they could carry - given the constraints of their lives in the tougher, harder world we all live in. So, I ask you, as we go into our 50<sup>th</sup> year as a membership organization, what do you want to be? We cannot be a self-help club without a membership willing to “do”, but we cannot afford to be a full service club. Unfortunately, we seem to have moved away from an emphasis on yachting, and more towards an emphasis on social events. Be that as it may, our future depends on all of us making this decision, and in the months to come, you will have that opportunity. Of this, I am certain.

Notwithstanding all of what I have said in this, my last article as Commodore, for me, this has been a really exciting year. It is unfortunate that one only serves one year given that it takes most of it to really learn the job. I have learned much about diplomacy and teamwork, techniques and manifestations of leadership I never gleaned having spent my entire career self-employed, or the master of the vessel. I believe my experience as Commodore has enriched my life and made me a better person. I had the privilege of getting more out of 2009 than just great meals, fulfilling cocktails, a lot of laughs, interesting and exciting social events, waterborne opportunities, and making new friends. I got to be Commodore. I got to lead a priceless group of people dedicated to making this club the best it can be. Not to coin a phrase, but I got to do things not because they were easy, but because they were hard. Regardless of any perceived difficulty, it really was easy because of so many of you helped. I am grateful for the experience and am thankful that it came to pass. I shall never forget it and am lucky to be able to carry it with me for the rest of my life.

Well, enough of this and that, let's talk about next year. Mary Foster is going to pick up where I leave off. She has the talent, the experience, and the personality to be our leader in our 50<sup>th</sup> year. She is funny and tough. She has a remarkable sense of humor and rarely takes anything personally. Yet she is also so gentle and kind. I have seen her give so much of herself to friends in need. Generous to the core, Mary Foster will certainly give the club more of herself that I ever could. So listen up: Understand Mary and love her. Like most of our Past Commodores, she is not doing this for herself. She is doing this for you. She will need your help. She deserves your utmost respect. She is a woman of dignity and honor. Mary will make an exceptional Commodore.

So, in conclusion, although the typical metaphysical anecdotal analogy escapes me as I write this last missive, please allow me to thank you all for the great times and the opportunity to serve. It was fun. I'll see you.....on the water.

**Sincerely, with Love and with Respect,  
Commodore Larry**

## Message From The Vice Commodore Mary Foster

Greetings, I wish you the best of Holidays, may they be filled with happiness and may all your wishes come true.

I wish to let you know how much I have enjoyed being your Vice Commodore for 2009. The accomplishments of your Bridge Officers, Flag Officers and Board of Directors for 2009 are spectacular. I extend a thank you to each of them for a job well done.

The knowledge I have gained from this assignment will remain with me for the rest of my life. I took into consideration the Yachting traditions as I made every attempt to complete each duty with good sportsmanship and the Corinthian Spirit.

We now have our name, Channel Islands Yacht Club along with our skippers on trophies everlasting. Some of these trophies we have never held before in the history of CIYC. We will be bringing home yet another award by the end of the year.

The Dinghy Parties, TGIF, Cruising and the Anglers were all done with the best interest of Channel Islands Yacht Club and to bring joy and happiness to you the members.

Your Racing Associate Members (RAMS) have set records as a sailing team they are held in high regard among fellow racers. Your RAMS are stepping up to the challenge to bring home to CIYC the Sweepstakes for the Christmas Parade of Lights for 2009.

The entry for CIYC is stellar.

CIYC has been requested by the Channel Islands Harbor Parade Committee to again host the awards brunch. Please see if Jack Borkowski can use your help this is a Community Event and we need your support.

As I turn over the reins to your new Vice Commodore Georgie Olsen you can expect the same integrity, true spirit and sportsmanship that we take such pride in upholding.

The tremendous job she has done as Rear Commodore is a reflection of her dedication.

As I have stated before there is no I in team. Your team is the Bridge, the Board of Directors, Committee chairpersons and last but not least you, each and every member.

As your Commodore for 2010 I will step into Larry Golkin's shoes, what a difficult act to follow. I venture into this assignment, with pride as well as humility, I promise to continue our traditions set forth for the past 49 years. I will give all my support to Georgie Olsen our Vice Commodore, Connie Calo our Rear Commodore, Board of Directors and Past Commodores as well as each and every member. I look forward to representing you and Channel Islands Yacht Club with fellow Yacht Clubs, Community and Harbor affairs.

**Be ready to celebrate our 50<sup>th</sup> year Anniversary. What an honor to be your Commodore.**  
**Mary Foster**

## Message From The Rear Commodore Georgie Olsen

**Greetings and Wonderful holiday wishes from me to all of you.**

My oh my where has 2009 gone?

The task this year was not an easy one but you all cared enough to get it done.

We now can enjoy the very best and hold our heads high to all the rest.

Our Club is beautiful, fun, exciting and new, the rest of the Joy is up to you.

Many thanks to all who stepped up to make Thanksgiving so wonderful. Especially Dave, his crew and Jack for doing the shopping. There are no words to express my gratitude. On that note a very special thanks to all your cards prayers and visits on the phone or in person while I was under the weather. You made it easier to get well. Sorry I missed so much of Nov. Will be there for all of you in Dec. A big thanks to all who help me at this time. But I know no man (or woman) is a Island and the family we share at CIYC is the greatest to jump in and help a fellow in need. My house captains have been great and deserve a lot of love for their hard work to fill in while I was gone.

It has been a privilege and honor to serve as your Rear Commodore and I sincerely hope I have, with the help of you all, made you proud. I'm looking forward to the next assignment you have tasked me with. With your help, guidance and friendship I know I can't go to far off the path.

Your next Rear will need all your wonderful support so be there for her in any way you can.

**May Our Heavenly Father see you through a wonderful holiday season and bless you all the next year through.**

**With much respect**

**Your Rear Commodore Georgie Olsen**

**Channel Islanders  
Georgie Olsen**

To all you wonderful Ladies of the Islanders, Have a Happy and Diet free holiday on me.

The tree is trimmed the lights are on and all is at peace in our home away from home. You out did yourselves this time ladies. Our Club is in such beautiful condition and your decorating abilities have been surpassed by none.

We had a very successful year and many thanks to all who made it happen.

I will be sad not to writing you next month as your new First Mate will have her assignment. As you all know writing articles for the currents in advance takes a great talent. Which I don't have. Ha Ha.

We will be making a special gift to the Club and Charities of our choice but as of this writing I can't be explicit. Because of my recent illness the board meeting in November was postponed and you will all be informed by you new First Mate in her article what has transpired. A heart felt thanks to all who sent cards, called and came in person to help me through this time. I'm on the mend and will be there for all of you in the future.

It has been a wonderful year with all of you and my wonderful board, you completely made it easy for me and know you will be there for the next First Mate. I have been humbled and honored as well. THANK YOU Ladies.

Be there to share our Tree Lighting Pot Luck dinner on Friday December 4 to share with all of our wonderful families. Bring a shared dish to serve about 10-12 persons.

May Our Heavenly Protector grant all your holiday wishes and wonderful health to you this season and next year through.

**2009 First Mate Georgie Olsen**

Or, ask Brandy to help you.  
Support CIYC!!!**

### **Hospitality Report**

This has been a very sad and thought provoking year for CIYC. We have lost many dear friends and supported those who have illness and injuries. Please make time to contact those who can't get to the club and wish them a Happy Holiday. I'm hoping by the time this article gets out that Ellie Bishop will have figured out a way to make an appearance. She should contact Tom Warden, as he is an expert at negotiating those awful stairs in a cast. Ed Staples continues to improve and Georgie Olson is back on the job after a bout with pneumonia. December will be filled with lots of activities so keep on reading your e-mail and keep your currents handy. Also I would like for everyone to say a thank you to those people who you see working at the club most every time you're there. These members are what make this club a fun and rewarding place to spend your time (and your money). You know who they are so let them know how much you appreciate their efforts. Have a wonderful Holiday season and stay safe.

Please e-mail me with any news you want to share. [seabarb1@yahoo.com](mailto:seabarb1@yahoo.com)

Homemade Tortilla Soup  
Choice of Tamales  
Rice & Beans  
Dessert

**NO DINNER ON THE 30<sup>TH</sup> - BAR WILL BE OPEN**

**HAPPY HOLIDAYS TO ALL !!!!**

## Angler's Corner Frank Sullivan

**November 21<sup>st</sup>** was the night for the **Annual Anglers' Awards-Scampi Dinner**. The food was fabulous, many thanks to Dave Gable and Crew. Those who worked on the **White Sea Bass pens**, Dick Olsen, Bob Deyling, George Arglen, John Hyde, Michelle Dilldine, Virginia and Carter Gage and Frank Sullivan, were recognized with special issue T-Shirts from **Hubbs Sea World Research Institute**.

We should be getting fish about March or April. We will need to get the pens back in shape. The interesting report is that one of the WSB heads turned in this year was released from the CI WSB pens 12 years ago and had grown to 48 inches.

The **Big Fish of the Year** was won by Lenora Linman for the **32.6 lb Yellow Tail** she caught during the Ladies Fishing Tournament.

### **"Big Fish of the Month"**

#### \$50 prize

is awarded at the end of every month...however; you can only win once per year. Legal fin fish only and no sharks.

### **"Big Fish of the Year"**

At the end of the year there will be a Big Fish of the Year award for \$100.00. it does not have to be one of the monthly winners, it can be a tourney fish or not, so if you win one month don't quit, the next fish you catch may be worth \$\$\$\$

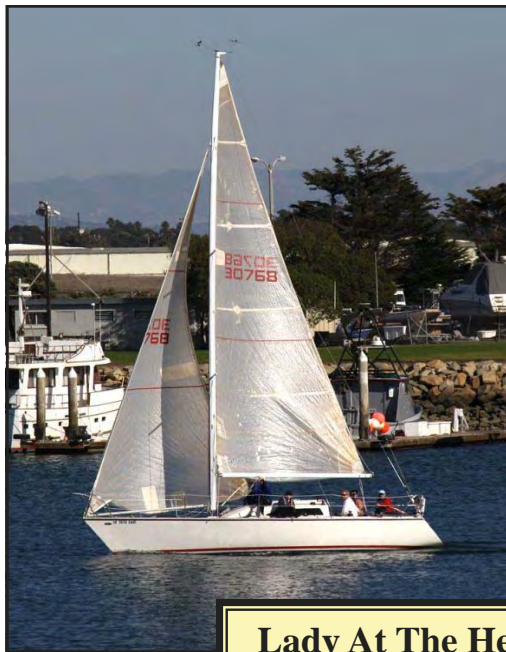

So far no one has turned in a fish for the November Big Fish of the Month.

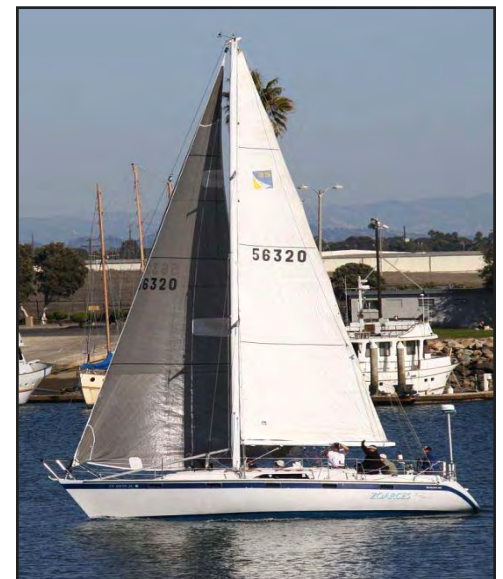

**Anglers Scampi Dinner**  
November 12, 2009

**Lady At The Helm Race**  
November 14, 2009

As 2009 comes to an end CIYC has had a very active year with the completion of the interior refurbishment of the Clubhouse. Completion of this project resulted in a beautiful and colorful clubhouse for members to experience for years in the future. The club is currently very busy preparing for many upcoming events, including the Holidays, The Parade of Lights, New Years Eve, Change of Watch and more. In the forefront of these events will be the CHANNEL ISLANDERS, these ladies are the backbone of CIYC. If something needs to be accomplished for the betterment of CIYC, these ladies will get it done.

CIYC has come a long way during the 50 years since the founding members struggled to establish and incorporate [1960] a Yacht Club in a Harbor that was far from being completed. The Harbor's name was not entirely set during this time period. These members had great foresight in organizing and picking a name for the Yacht Club, that may even helped to name the Harbor, CHANNEL ISLAND YACHT CLUB, (an S was added to ISLANDS many years later).

**50th Anniversary-** Some time near mid-year CIYC will schedule an Anniversary Dinner- Dance presented by the Blue Gavel Club. The Blue Gavel Club is an international organization composed of Past Commodores of various Yacht Clubs. This is a social organization providing contact with many people from Yacht Clubs from other areas in addition to CIYC who have mutual interest and goals relative to yachting and Yacht Club activities in general.

Spending a final historical evening with my old friends, Johnny Walker, Jack Daniels and Jose Cuervo with discussions of grandeur or something, maybe topics such as: We may know more than we know, The statue of Priapus or the fact that even Paranoids may have enemies. Deep thoughts for the end of the year.

CIYC's first entry in International Fishing Tournament held in Hawaii in June 1963 was represented by Ed Carty, Tom McMillian and Bud Smith

One final Land Cruiser story of many years ago- At the conclusion of a Salmon fishing outing on the Sacramento River, several CIYC members decided to return home by Lake Tahoe. The R.V. Park was several miles out of the Casino area with the only public transportation was by a Senior Citizens Bus. Tony Ferrao was the only Senior Citizen in our group of 8, [it was a long time ago] convinced the driver the rest of us were qualified for the Bus. The Casinos were very good to us; we were able to lease a Stretch Limo to return us to our vehicles. Good night was had by all.

**THANKS, this has been fun. Have a Happy 50th Anniversary!**

**Bud Gerding 11/18/2009**
