Summer is almost here and CIYC is loaded with fun events!

The schedule for June has many exciting opportunities for members to participate in, including a Landside Dinghy Party, Electric boat games, weekend cruises, and many sailing events.

As we kick off the month of June, the horses will be racing again at our TGIF Fish Fry and Birthday Bash on June 3rd. After that, the first Landside Dinghy party will take place on June 5th. Bill and Lana Lynch have graciously offered their beautiful home for this fun-filled event. You don't want to miss out on this afternoon. Food, music, and, of course, a lot of good spirits will all contribute to make this a special afternoon.

Our most heartwarming event this month is the Disabled Veterans Sail Day on Sunday, June 12th. Bill Brayton is in charge and leading this great event. **Bill needs sailboats, powerboats, and electric boats to volunteer to take disabled vets out for a cruise on the water. We also need volunteers to cook and to help set up food and drinks.**

Please contact Bill at: bbrayton@atra.com if you can help.

DJ Trivia is every Thursday night.

This is a great night with attendance growing every Thursday. If you are not a trivia buff, no worries. Everyone can contribute to the team since there's a broad list of topics, including history, geography, sports, music, movies, and famous actors. Come to the club, bring a guest, and enjoy Thursday night fun at CIYC.

As you walk into the club, you've probably noticed all the great-looking improvements.

The new carpet has been installed and the new dining room chairs are in place. In addition, a new tiled fireplace, new lighting, and a fresh coat of paint make the club look amazing. We need to thank our Club Improvement Committee under the direction of Chairman Frank Laza for all these wonderful changes. I sincerely thank the committee for all their hard work in making our club look first class!

Our bar sales continue to do well. **Thanks to our wonderful bartenders for doing a fabulous job with drink specials and great service.**

Don't forget to add those gratuities to the tip jars. When you close out your club account nightly, remember you can add a gratuity at that time. We need to show our appreciation and keep our bartenders happy!

Lastly, our dinners and special events have been very well attended. The food has been great, and the drinks are always great. **Come to the Club and enjoy the friendship and camaraderie.**

See you all at the Club!

Mike Greenup, Commodore 2022

VICE COMMODORE

Dawn Turnier

I have had the opportunity to visit many yacht clubs across the country and gotten a glimpse of clubs large and small, old and new, but I have not seen many clubs in other countries. On my recent trip to Ireland I stumbled upon the “Royal Irish Yacht Club.” I say “stumbled upon” because Art and I were walking through the Dun Laoghaire Harbor in Ireland and got to chatting with an expat American named Joe, walking to work. Turns out, he worked at the Royal Irish Yacht Club! Joe invited us into the club and let us in on a bit of the club’s history.

The Royal Irish Yacht Club was founded in 1831 and Henry Paget, 1st Marquess of Anglesey, was the first Commodore of the club. He was second in command to the Duke of Wellington at the Battle of Waterloo. The current clubhouse was designed by John Skipton Mulvany, a noted Irish Architect, in 1851. As with most of Mulvany’s buildings, the clubhouse has been well preserved and retains many period architectural details.

The club’s original charter includes a unique provision that all yacht owner members must provide the Commodore with information about the coasts they sail along and any deep-sea fishing spots they encounter on their voyages. The Commodore could then use this information to inform the Admiralty for map-making purposes and places to send fishing fleets.

At the time of the founding of the club in 1831, the club was granted a white ensign to designate boats associated with the club. The ensign did feature the Coat of Arms of the Kingdom of Ireland beneath the Union Jack (The Coat of Arms is now beneath the flag of the Republic of Ireland).

In 1846, the club was granted the right to the “Royal” prefix by Queen Victoria, and despite the separation of Ireland from the United Kingdom, the Irish Yacht Club elected to retain the Royal prefix as the Royal Irish Yacht Club.

In 1848, Queen Victoria created a yachting trophy called “Her Majesty’s Plate,” and it was decided that the Royal Irish Yacht Club and the Royal St. George Yacht Club should compete for the honor of the trophy each year, a tradition that holds today.

Spending the afternoon in the club’s plush chairs, surrounded by the rich burgundy walls and deep soft carpets of the Mulvany-designed clubhouse, made it easy to see why Joe pulled up stakes from the US to live in Ireland and surround himself with the history of the Royal Irish Yacht Club. It made me feel excited about continuing to visit clubs around the world and meet with like-minded hobbyists and enthusiasts for fair winds and following seas.

What's happening, CIYC Members??

The month of June is going to be very busy with a whole bunch of fun events! Let's start with **June 5th Luau Dinghy Party** →

Saturday, June 11th we will be setting up for our [DAV Sail Day](#); we are going to need lots of hands on deck for this. If you are available, please contact me (sun4leelee@gmail.com) or Bill Brayton (bbrayton@atra.com).

Sunday, June 12th we will take our Vets out on the water with boats that have volunteered. We still need boats to help out, so if you have a sail, power, or electric boat, please let us know asap.

Sunday, June 19th is our first Electric boat game event of the year.

If you would like to join in the fun and games but don't have a boat, please contact me directly, and I will see which boats are available. [Please see flyer on our CIYC website.](#)

Saturday, June 25th is our Wild Bill Rig Race which I'm sure will be a great sailing event.

Well, that's all I have for this month.

Keep your eyes peeled for more to come in 2022!

Regards,

Lisa Marie Medlen
Rear Commodore 2022

Electric Boat Game

Come on out and join us for a fun day on the water!

Father's Day
Sunday June 19th 1-3:30pm

Pick up instructions at Dock in front of CIYC at 1pm
Be back at 3:30PM SHARP!

Hot dogs and hamburgers will be provided. Please bring a side dish, appetizer, or dessert to share.
See you on the water!

We're having a

CIYC Luau Dinghy Party!

Grass skirts, loud shirts, torch lights & tropical delights. These things and more, it's true a luau is in store.

The Lynches' Tiki Hut
5180 Dodson St.
Somis, CA
Sunday, June 5th
1:00-4:00 pm
Cost \$16.00/person

Disabled Vets Sail Day
is Coming!

★ **Volunteer NOW!** ★

Calling All Boats! E-Boats to big boats!
Calling all PEOPLE to assist!

Volunteer to take a Veteran and family members onboard on

★ **June 12th, 2022** ★

Anglers' Corner

By Frank Sullivan

White Sea Bass Grow-out Pen Report:

The WSB continue to thrive and grow. Hubbs Sea World Research Institute (HSWRI) are contemplating having us keep the fish longer, perhaps into late June or early July to be sure we get maximum growth before we release them.

Ladies' Fishing Tournament:

The Ladies' fishing tournament was originally Scheduled for July 17th had to be **rescheduled to August 7th** due to scheduling conflicts.

Big fish of the month:

No Big fish of the month was turned in at press time. Tournament fish don't count.

Men's Fishing Tournament:

The CIYC Men's fishing tournament Saturday May 14th was a blast. We had 5 boats and 21 anglers. Boats were Valkyrie, Dawn Patrol, Furr Shurr, Angler Management, and Andiamo.

Jerry Palmer with a 27.5 lb. Halibut

1st place was Jerry Palmer with a 27.5 lb Halibut on Andiamo.

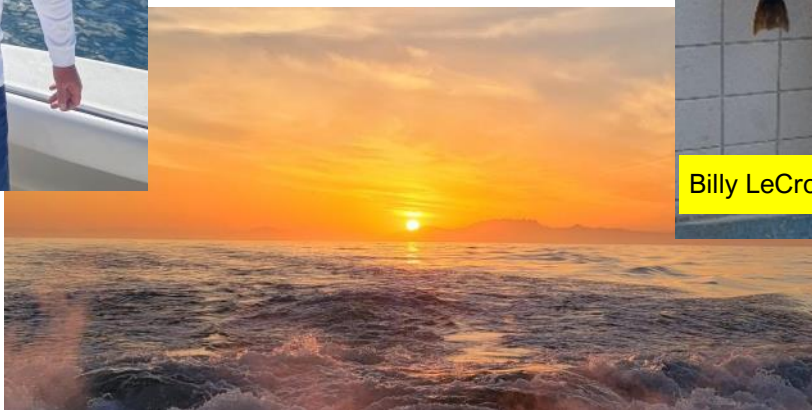

2nd and 3rd places were tied with two 9.5 lb. halibut caught by Billy LeCroy on Dawn Patrol and Brian Lamphiear on Valkyrie.

Congratulations, guys!

Billy LeCroy with a 9.5 lb. Halibut

Nick Walters
sunrise on the crossing

Upcoming Events:

August 7th

September 9th

September 10th to 14th

September 16th

November 19th

HEALTH CARE

The God Who Ate His Children

Cronos is his name. Chronos, Kronos or Cronus, was a deity in ancient Greek mythology. He was a powerful Titan who ruled the Cosmos before the Olympian Gods took over. In addition, he ate his children.

And the bacteria that is found in baby formula is named after him:

Cronobacter sakazakii (also named is Japanese bacteriologist Riichi Sakazakii).

There are only four manufacturers of powdered baby formula in the US - Mead Johnson, Abbott, Nestle, and Perrigo. Abbott has about 42% of the market and they were shut down by the FDA because they found a different bug in their formula, not related to Cronobacter. Abbott denied and said that the bug was perhaps introduced by adding contaminated water to the powdered product.

Hence, we have a baby formula shortage.

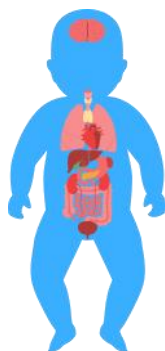

There is a 17% tariff on baby food imports from other countries, which is probably reasonable. But only four manufacturers in the US? That is almost a monopoly.

But let's look at that Cronobacter sakazakii. What does it do? Where does it live?

It lives everywhere. On your skin, on vegetables, on the fruit that you eat, on surfaces on your kitchen counter, it's everywhere. In powdered baby formulas the bug can survive for two years! Powdered infant formulas are not guaranteed to be sterile.

Powdered milk-based infant formulas are heat-treated during processing but, unlike liquid formula products, are not subjected to high temperatures for enough time to guarantee sterilization.

But having normal robust immune systems, we just have no interest in the bug. It can't hurt us - unless we are infants or the elderly, over 65 years old. The immune systems in these age groups are either underdeveloped or fading.

So what happens if Cronobacter sakazakii is ingested by infants or the elderly? Usually nothing. But rarely the bacterium attaches to the intestinal surface and can enter intestinal cells and destroy them. It then may enter the space in between the cells and enter the bloodstream.

The second way it can enter the bloodstream is by squeezing in between intestinal cell walls, especially in infants under 2 months old.

If many intestinal cells are damaged by bacterial endotoxins, a condition called ***necrotizing enterocolitis*** can develop. The symptoms are fever, poor feeding, excessive crying, low energy, and sometimes seizures.

But if the Cronobacter enters the bloodstream and causes ***sepsis***, it may reach the brain and cause ***meningitis***. In infants, meningitis has a high mortality rate (40%-80%). Surviving infants may develop ventriculitis (inflammation of the four fluid-filled spaces in the brain) and brain abscess.

The FDA temporarily closed the Abbott production facility - taking out almost half of the manufacturing capability in the US, although they never found Cronobacter in their formula. It is anticipated that Abbott will resume production in about two weeks, but it will take at least four more weeks for baby formulas to reach empty shelves in supermarkets and pharmacies.

Your Fleet Surgeon, Zoran

~ Thanks to Erika for editing.

Harbor Water Quality Funding & Support Requested May 17th Oxnard City Council Meeting

The Channel Islands Neighborhood Council's (CINC) Marine Advisory Committee (MAC) gave a presentation on the need to support and fund testing of the water samples they voluntarily collect per the Water Board-certified guidelines. These efforts are key to providing the data needed to get Water Board's support to help protect harbor water quality. Without this data, it will be difficult to get the Water Board to act to help prevent water quality disasters such as algae blooms, fish kill and unsafe water for people's recreational purposes. The CINC MAC, led by Chuck Carter, is asking for letter-writing support to the Oxnard City Council and the area's council member, Bert Perello. ([see: www.cineighbors.com](http://www.cineighbors.com))

May 27th Harbor Department Issued Request for Proposal for Fisherman's Wharf Parcels

The Harbor Department has issued the [Request for Proposal \(RFP\)](#) seeking private developers/operators to redevelop the Fisherman's Wharf area in alignment with the 2021 Harbor Vision Plan. The County has indicated that a mix of recreational, retail, themed village, lodging, and entertainment is preferred. The RFP outlines regulatory jurisdictions and how they may impact the development process. It also describes submission format and required items, schedules, and evaluation process. It summarizes basic terms, including items such as option agreement fee, term of new lease, minimum rent, etc. Submissions that are consistent with the 2021 Vision Plan and current Public Works Plan will have an easier and faster approval process. Submission due date is Thursday, July 7, 2022. Once the RFPs are received, they will be reviewed by the Harbor Department and the Harbor Advisory Committee (HAC). It is possible that one or more proposals will be selected for follow-up, including a formal presentation or request for follow-up information. It is also possible all proposals are rejected.

June 10th Harbor's Public Works Plan Amendment #7 Goes to Coastal Commission

The Harbor Department announced it has submitted Amendment #7 to its Public Works Plan (PWPA7) to the California Coastal Commission (CCC) for approval at its **June 10th hearing this month**. This amendment was first proposed and approved at a Ventura County Board of Supervisors meeting on July 27, 2021.

The proposed amendment calls for reducing the total number of harbor boat slips from 2,150 to 1,950, a 200-slip reduction. The amendment keeps slips for boats under 32 feet at a minimum of 25% of total slips. But the harbor will no longer be required to maintain medium-sized slips for boats 32 feet to 38 feet at 25% of the total. It only requires the harbor to maintain a minimum of 50% of total slips for boats 38 feet or under.

As background, it should be noted that there has been no physical inventory done of the harbor's boat slips since at least 2008. The slip numbers provided reflect those reported by marina lessees, not necessarily what is actual and usable. It is also unclear if there is a standard and consistent method of counting boat slips. The Harbor & Beach Community Alliance (HBCA) requested in July 2021 that the County Internal Audit Department conduct an audit of boat slip inventory and their related revenue and asset evaluation. The Internal Audit Department responded saying: "We have included a future audit topic on our current year FY 2021-22 Internal Audit Plan to address boat slip inventory and revenue. We are planning to launch the audit next year." Recently, they confirmed: "We are planning to launch an audit of boat slip inventory and revenue in the coming fiscal year that begins July 1, 2022. During audit planning, we will consider the items presented in your [HBCA] email and letter dated July 26, 2021."

Effective July 1st Ventura County Approved Rate and Fee Schedule Increases for Harbor Rents, Fees and Insurance Requirements

At the May 24th Board Meeting, the Supervisors approved the Rate and Fee Schedule for County-Owned Marinas, Commercial Activity Permits, Special Use Permits, Deposits Required for Cost Recovery, and other Harbor Miscellaneous Fees and Service (e.g. towing and/or pumping, impound or abandonment, coin-operated boat wash).

This rate and fee schedule goes into effect on July 1, 2022.

The schedule can be seen in the documents under item 63 of the Board's agenda for that meeting.

See: <https://www.ventura.org/board-of-supervisors/agendas-documents-and-broadcasts/>

CIYC Racers' Report By Cap'n Jane Thomas

To make up for my brief report last month, I've written a long one this month. I'll start where I left off before April -- when a lot of our racers were traveling beyond our local waters to compete among large, competitive fleets...

Helly Hansen World Regatta: JEDI co-owners Gareth Jones and Dan Maxwell, their families, and their all-CIYC crew: Kinsey Cohen, Andrew Clements, and Nick Walters, trailered JEDI (J24) to San Diego for the Helly Hansen World Regatta, March 25-27. Entry was open to more than 10 one-design and mixed classes. The J24 class was one of the larger classes with 12 entries, including 3 boats that JEDI competed against during the CIYC Midwinter Regatta in February. The 'local' entries all made the top half of the fleet. JADE D took 1st place (Deke Klatt, VYC), TAKE FIVE got 2nd (Susan Taylor, CYC), and ABRACADABRA (Dan Chepley, VYC) and JEDI tied for 5th; however, ABRACADABRA's better score on the first race broke the tie and put JEDI in 6th place.

Newport to Ensenada (N2E): As happened often this spring, the forecasts for wind and sea conditions before, during, and after the 74th Newport to Ensenada race (N2E), April 22-23, included multiple gale, near-gale, and small craft warnings. As the race date approached, I was nervously watching the marine forecasts, questioning the safety and comfort of my crew and my boat (33ft 7100lb), and dreading the uphill return delivery... Then I learned that a friend from Marina del Rey was going to withdraw from N2E because she had lost half her crew at the last minute. So Kelly Sherwood (CIYC/CIWSA), Alison Rowe (CIWSA), Dawnita Fendley (VYC), and I agreed to jump ship from WAILANI and race on SCCYC's RASCAL (38ft, 14,400lb) with Capt. Kathy, co-owner Monica, and crew: Tim and Jake.

The meteorologists' forecasts were right! From the start N2E racers saw 18-19kt winds which soon built to 25-30kts with 8-10ft seas into the evening. It was a rhumb line, broad reach to pass a few miles outside the Coronado Islands. Many of the multi-hulls, maxis, and ultra-lights went out a bit farther for a better angle to Ensenada later and saw the biggest wind and waves. I heard of multiple boats that shredded their spinners (e.g., WAHOO, 5150, et al) or had other problems in the high winds. We all had to work hard to maintain rudder control in the high wind and powerful seas. Nearly 10% of those who had signed up didn't start, and our class (PHRF-C) shrank by almost 50%. We got 6th place and were happy to have beaten a local boat, PARADISE FOUND (Jim Albert, VYC).

Maxi-boat RIO 100 (StFYC) set a new N2E record with elapsed time of 7:02:17, and 5 other maxis beat the previous record set in 2016. The catamaran WAHOO's (Bill Gibbs, PBYC) elapsed time was only 9:23:19, and NOSA's Staff Commodore won the top 3 N2E trophies for the 5th time.

In the PHRF UL-B class elapsed time for CIYC's CHRONIC (Farr 400M, Lonnie Jarvis with Chuck Grethel, Shaun Plomteaux, et al) was 11:38:50, which corrected out to 3rd Place. (Ask Chuck to show you videos with boat speed around 20!) After their N2E finish, they headed straight back to San Diego and sent the crew home until the following weekend.

Yachting Cup. San Diego Yacht Club hosted the Yachting Cup on April 30 - May 1. Having not done well in 2021 Yachting Cup, CHRONIC's performance in 2022 surely surprised her competitors, including the winner of her N2E class the previous weekend! Over the 6 races she earned 1st place overall in her class with four 1st places, a 2nd, and a 3rd.

Racers' Report cont...

<— s/v CHRONIC pre-start in the Yachting Cup, LtoR, Chuck Grethel, Taylor (or Cody?) Schlub, Lonnie Jarvis (standing at the helm), Shaun Plomteaux (standing on deck), with 2 unidentified crew.

PBYC Spring Series #3: PBYC hosted the 3rd and final race of their Spring Series on March 26. CIYC entrants VELERO (Islander 29, Brent Swanson) won 1st in the Non-Spinnaker fleet and WAILANI (Tartan Ten, Jane Thomas) won 2nd in Spinnaker B class.

AYC Island Series, Anacapa to Port (May 7): Only 3 boats participated, 2 AYC boats in Spinnaker class and CIYC's VELERO (Brent Swanson) in Non-Spinnaker class. All boats finished.

Hardway Race: On May 14, SBSC and PBYC co-sponsored the Hardway Race. After starting near Santa Barbara and rounding a nearby buoy to port, the courses varied by fleet, and all boats finished at the Ventura Harbor entrance. The "Hardway Course" goes around Santa Cruz Island to port, the Coastwise Spinnaker/Multihull course rounds Anacapa Island to port, and the Coastwise Non-Spinnaker course passes Platforms C, Habitat, and Grace to port. Among the 6 boats that sailed the Hardway course (67nm) CIYC's CHRONIC took 1st place. CIYC's VELERO (Brent Swanson) won 1st place among the 5 boats that sailed the Coastwise Spinnaker course (47nm). Reportedly, the winds were better than expected, and all boats finished before 10pm.

Commodore Classic: On May 21, VYC hosted its annual Commodore Classic race to thank all Commodores for serving their clubs. As encouragement to Commodores whose boats don't usually race, no entry fees are charged and adjustments to a boat's handicap rating are given for ground tackle, fixed props, Dacron sails, etc. Racing as a single class with 10 Commodores aboard, the ratings for this year's 6 entrants (3 VYC, 2 AYC, 1 CIYC) ranged from 39 to 163 (with adjustments), and most are frequent, competitive racing boats (Performance Factor <1.75). The wind and seas were near perfect! VYC entrants took 1st, 2nd, and 4th; AYC took 3rd and 5th; CIYC's WAILANI took 6th (5th scored with PF adjustment formula).

Wet Wednesday Racing in Channel Islands Harbor (AYC) and Ventura Harbor (VYC) began April 6 and will run until September 14. If you are a sailor and want to try racing, WWs are a great way to get more experience. Many CIYC skippers are willing to take extra crew on WW and will occasionally need a last-minute crew replacement. WW races start at 6:00pm, so boat call is usually 5:00pm at the latest. Contact me or any CIYC racing skipper if you'd like to be added to their call list for WW or weekend racing.

Race Committee (RC): Thanks to the successful late-February fundraiser for RC and J24 expenses, 2 new inflatable tetrahedral buoys and a 12V pump have arrived! The next CIYC race is the Wild Bill Rig Race on June 25. We are looking for RC volunteers, the RC Boat, a post-race food leader, and food and prep assistance. Please contact Rear Commodore Lisa Medlen or me if you can help out.

J24 Fleet Report: Gareth Jones had discovered that TINY DANCER's primary winches were completely seized up and would not turn at all. He took them to his shop and dismantled, unseized, cleaned, lubricated, and reassembled them! They move smoothly again! And, thanks to Shaun Plomteaux, CRITTER has a new battery. Shaun's also checking over the outboards for TINY DANCER and HOT LIPS. All 3 J24s need some additional attention – some technical jobs, others just painting, organization, and general cleanup. If you have a few hours to spend, please contact me!

Marine Weather and Sailing-Related Webinars: I'll be adding more dates and times for Marine Weather University and other sailing-related webinars at CIYC. Look for an updated schedule next month in your email.

Next Month's Racing Report: If you're participating in any **June Races**, please send me a note with a photo or two and the names and affiliations of your crew!

Islanders First Mate 2022 Carole Naylor

Hello, everyone! I can't believe it's already June and half the year is gone.

The Channel Islanders have two activities planned for this month.

First, we are volunteering to help Bill Brayton with the **DAV Sail Day, June 12th**. This is a major feel-good experience for those who volunteer. Our activities are primarily cooking and serving a light breakfast and a hamburger dinner. We will probably also be helping with some of the other minor setup tasks. If you have a power, sail, or electric boat and would like to take some of the Vets out, please contact Bill Brayton - he's in your Roster. If you would like to be part of our Islanders' Team, please let me know.

Our second event is a traditional one.

TICKETS \$25

CIYC CHANNEL ISLANDERS'
FATHER'S
DAY
CELEBRATION

SAT. 06/18 | DINNER 7PM

SURF AND TURF

EVELINA ARGLEN & CREW PREPARE

CAESAR SALAD with home-made dressing | CRAB CAKES over a simple lettuce slaw and dill sauce | BABY BACK RIBS with home made barbecue sauce | ROASTED POTATOES with salt and pepper | BROCCOLI spears | FRENCH BREAD AND BUTTER | WARM APPLE CRISP with whipped cream

PLEASE MAKE YOUR RESERVATIONS DIRECTLY TO OUR FIRST MATE CAROLE NAYLOR: C-NAYLOR@HOTMAIL.COM
THIS DINNER IS SEPARATE FROM THE CLUB FUNCTIONS AND CANNOT BE CHARGED TO YOUR ACCOUNT.
JUST BRING YOUR CHECK MADE TO "THE CHANNEL ISLANDERS" WHEN YOU COME TO DINNER

The Islanders will be cooking Father's Day Dinner, Saturday, June 18th.

Evelina Arglen is doing Surf and Turf.

I might add - to all the newer members - Evelina is a fantastic chef and this is a meal that will probably sell out early.

As this is an Islanders' event, RSVP TO:
C-Naylor@hotmail.com

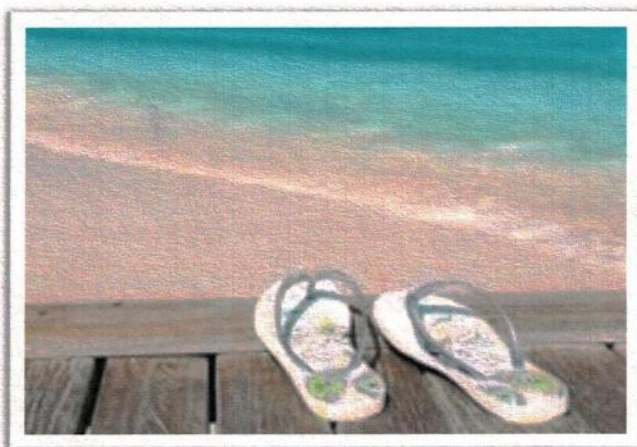

See you around the club,

Carole Naylor,

First Mate

Important
Bring a check!

Dear Mike and Linda, and CIYC Members

I want to thank you all from the bottom of our hearts for sponsoring Lisa's Celebration and Burial at Sea. You are all so thoughtful and loving. Your gift of that day for her lifted a huge burden in our time of grief. Thank you also to her Bartender Sisters for being there; she loved you each so much.

Lisa was so happy and felt blessed that she worked at CIYC and that love and support was felt by us all.

Sincerely,

 Linda Queen
 John Queen

Thank You

A Note of Thanks!

The note to the left was sent from Lisa's family to our family at CIYC.

I thought when posting it that it might be nice to have a page of thanks this month.

Thanks to all who make our Club what it is! Thanks to the Bridge and Board members and committees, for organizing, managing and protecting our beautiful club.

Thanks to the staff for all your hard work behind the scenes that keeps the club running and fiscally sound.

Thanks to all the sailors, cruisers, e-boaters, fishermen and fisherwomen for the fun on the water.

Thanks to the cooks for continuing to amaze us with your offerings, efforts, generosity, and skill.

Thanks to the long-time members for building this "self-help" culture that allows everyone to become a part of the family and for welcoming us all!

Thanks to the new members for finding your way to our door and becoming a part of all this!

Thanks to all who write articles, send pictures and post on Facebook, and to the editors and amazing proofreaders who pull this newsletter together every month.

Cruising is Back & Safer Than Ever

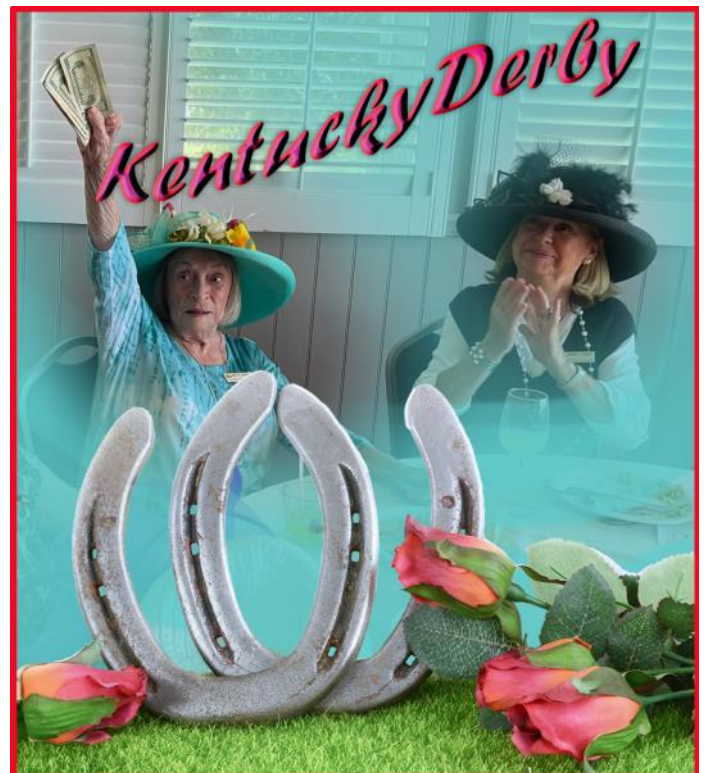

It has never been safer and provides the best value for travel. You pack once and visit the world. The new ships are amazing and the riverboats are beautiful.

DID YOU MISS IT?

**THANKS TO ALL THE
AMAZING COOKS!**

**Sign up to COOK
or sign up to help!**

If you need assistance, we
can get you someone
who will help you!

Fulfill your self-help duty
and meet other members!

Helping to cook a meal
is fun and rewarding!

Check your email for
events' updates!

Please RSVP EARLY
so cooks can plan, shop
and prepare!

Don't miss an event!

reservations.ciyc@roadrunner.com

**THANKS TO THE ARGLEN'S
& CREW**

In the kitchen, new members Judy Kay and Kip Hirschbach worked two days, along with Joyce Sheridan, Melinda Irvin, George and Evelina Arglen. In the dining room setting up the tables, decorating and completing the condiment table were Maureen Fletcher and Eileen Paulp. We want to acknowledge the hard work done by all, especially our new first-time cooking at CIYC members, Judy and Kip.

CIYC PETS

RUGER: 3-year-old WEIMERANER! Loves little people and little dogs.
Ruger is 106 pounds of pure love! He hangs around the club in the park , waiting for familiar faces to appear!
Ruger is quite the Dog About Channel Islands!
~ Judy Campea

Here's our dog Puca who is a Wheaton Terrier/Poodle. She is 3 years old and keeps us "hopping."
Kip Hirschbach & Judy Kay

MoMo our Shiba Inu is so proud to be at the skate park @ Bluffs Park in Malibu!!
Pamela Bouganim

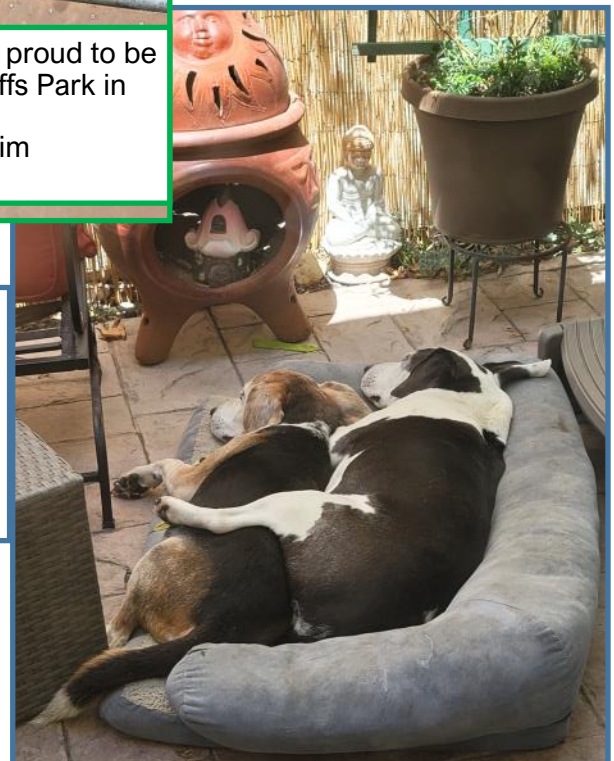

Watson on the left is Beagle but he is taller then most because he is part of the Harrier breed. Sherlock on the right is a Beagle Breed. They are both 13 years old. We rescued them both. At this point they both just like to lie in the sun.

- Dawn Turnier
Vice Commodore
