Channel Islands Yacht Club

CIYC CURRENTS

Volume 64 64 Years of Service Issue 07 JULY 2024

From the Quarterdeck
2024 Commodore Deborah Tyhurst

Ahoy, Shipmates!

As July unfolds, its warm embrace and celebration are in the air, and we have lots of good news to report. As a result of our recent Open House, the Board, Bridge and both Welcoming and Membership Committees did a great job! We added 10 new members to our **CIYC** family. That is 24 so far this year! Please join me in welcoming all these new members when you see them around the club!

Next, at our Special/General Meeting, the Membership voted and approved our lease extension for our **CIYC** home. This has taken well over a year to come to fruition! Thank you to our wonderful representatives/negotiators, **Bill Scarpino** and **Mike Greenup,** and Congratulations, **CIYC**!!!

Also at the meeting, our Membership nominated and elected 3 members to join 2 Board members on the Nominating Committee for 2025. The Committee will be **Dan Estabrook**, **Ann Marie Gross**, **Mike Greenup**, **Kat Sotiridy,** and **Sue Woolf**. This is a very important committee! They will be vetting Director candidates over the next few months to join our leadership and progress through the Commodore positions which will help shape our club in 2025 and beyond.

Our #1 Members of the Month were announced at the meeting.
The winners have led or cooked at least 6 meals so far this year, have held positions on the Board of Directors, Epicureans, Islanders, Reciprocals, Finance Committee, Burgees, have mentored in the galley, BBQed, and are always there to step up at the last minute. These are just a few of their contributions. Congratulations, **Evelina** and **George Arglen!**
Enjoy your special parking spot for the month of July.
You deserve it!

Evelina & George Arglen!

CIYC has held the "Best of Ventura County" Award for Yacht Clubs for the past 7 years running. The VC Reporter runs this competition and **voting has just begun for 2024**. Please go online and vote at https:///www.vcreporter.com and click on "**VOTE FOR YOUR FAVORITES**" and vote for your club!
A perfect example of our success is this past month, with 24 events/dinners, no less than 15 meetings, completion of our large electrical project and permit sign-off, new hot water heaters in restrooms, successful kitchen and bar health inspection, bar refrigerator repair, new server, computers, security cameras, and countless emails, phone calls, and texts. **We've been BUSY!** All of this labor of love requires and nurtures friendships that will last a lifetime. Jump in and get involved… the return is priceless!

Under the leadership of **Mike Greenup** and lead Bartender **Kamie,** our bar is doing well. We understand that sometimes there is a wait. Please keep in mind that at our events we all tend to come in at the same time, causing a temporary backup. In an effort to help make it run as smoothly as possible, there are things we as members can do:
1. Arrive a little earlier
2. Use your key card to get in the club.
3. Make sure you have a name badge on
4. Know what you want when it's your turn to order and, most importantly,
5. Pay your club account either online, by mail, or drop your cash or check in an envelope in the lockbox adjacent to the club office.

Our bar is important to our club's health and we have some wonderful people working in it.
Let's remember them with a smile and a generous tip!

THAT'S A WRAP!

SEE YOU ON THE WATER OR AROUND THE CLUB, SHIPMATES!!!

From the Quarterdeck

Vice Commodore Marc Gualt

Our Disabled Veterans Sail Day was a fantastic event! We had a good turnout and the weather was nice. Our Volunteers really got it done; there were no hitches, and everybody had a good time. Some of the Veterans were overheard stating that it was one of the funnest events they had attended. To name everybody who put sweat equity into this event would take up this entire article's space allotment, so suffice it to say Thank You to the Channel Islands Yacht Club volunteers for making this event seamless and fun for men and women who have given so much to our country!

Frank Laza set up a great E-boat event for Father's Day. **Thank you, Frank and Gayle,** for always making these events fun! Also show your appreciation to Gail and Dan Estabrook - they have really been visible cooking and supporting our activities this month.

The Ladies' Fishing Tournament was fun; we had four boats enter and I will let Frank detail that day!

The 3rd Annual Adventure Sail Day was a great success, and the *Mystic Whaler* was front and center. The cooperation between *Mystic Whaler* and CIYC has once again benefitted our community, following their significant participation in the Disabled Veterans Sail Day. Thank you, Jane Thomas, for all your work and insight. Also, the Channel Islands Maritime Museum partnered with CIYC to support this event.

The Island Cruise over the weekend of the 4th is cancelled due to a serious injury sustained by Garry Kraft leaving the harbor under adverse conditions. Please wish him well.

On the 14th, our first Dinghy Party of the year will take place, and it's actually on the water! Marlin Simpson has generously offered to share his business location next to the Fisherman's Wharf by the Lighthouse.
We will be BBQing, and entertainment will be provided by Lil Bit of Everything. Dinghy and E-boat docking will be available next to Hopper Boat Rentals on the East side of the Harbor next to the Reel Guppies building. See the flyer for more information.

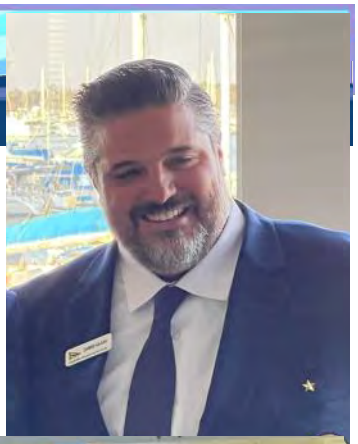
And on the 28th, the Anglers have their fishing charter on the *Aloha Spirit*. (SOLD OUT) Thank you, James Glass and Dan Estabrook, for being creative again!

There is so much going on at our club, it's hard to pick which adventure to participate in — so I have an idea, do all of them!

Dolphin AWARD

WE HAVE A WINNER
Suzan Khodanian
Fell in the water after a
Wet Wednesday Race
on WAILANI

From the Quarterdeck
Rear Commodore James Glass



Hello, Summer! Finally, "June Gloom" is over and it's time for some sunshine!

For those who attended, the dinners did not disappoint! To start the month off, we had a Crème dinner led by **Lisa Medlen**. Lisa and her Crew prepared Osso Bucco over gorgonzola polenta that was absolutely to die for!
First time lead cooks **Michelle LaPointe & Lisa Reaume** & Crew prepared Baked Ziti that was delicious.
First time lead cooks **Dan & Gail Estabrook** & Crew cooked incredible Carne Asada and Chicken tacos.
For our Father's Day Social the Islanders did Baby Back ribs that just fell off the bone. Thank you, **Evelina Arglen**, **Eleanor Hovaten,** and Crew.
To finish off the month, **Diane Sabol** and Crew prepared a delicious Shrimp & Sausage Cioppino.

Phil MacPhail and the Beefeaters fed us garlic-infused tri-tip while **Katie Love** performed a hilarious comedy act. **Frank Sullivan** and the Law Dogs offered up Pork Tenderloin with **Carter Gage's** "secret sauce" and a presentation by **Mitch Loman** of a homicide investigation.

This month we had our annual Health Department Inspection. We had tremendous help from bartender **Kamie Riss** with the bar, and **Linda Weisfuss** & **George Hornberger** with the kitchen. **We passed with flying colors!**

Update on the infrastructure projects: As you all are probably aware, Vintage Marina has had a crew here all month working on our exterior doors, removing rust, patching holes, and repainting. We had instant hot water heaters installed in both the women's and men's restrooms. We will now have hot water without delay.

Last but not least, our electrical project is finally complete!
No more unexpected power outages in the bar or dining areas!

Keep an eye out for emails for upcoming events, such as our 4th of July celebration and the Holiday Supper Club BBQ, Epicureans, and Beefeaters.

Have a great July! Looking forward to seeing you all at CIYC!
James Glass, Rear Commodore 2024
(805) 712-9730.

Anglers' Corner

By Frank Sullivan

WSB Grow-out Pen Update:

The fish are all gone now and we will expect a new batch in late fall. Until then, watch for calls from us to help prepare the facility for the next season. We do need to do some maintenance.

Ladies' Fishing Tournament Report:

The Ladies' Fishing Tournament was a great success. Results were

1st place: Eileen Gault's, 26.5-lb. White Seabass

2nd place: Deborah Larson-Tyhurst's 12.5-lb. Halibut

3rd place: Janie Brockman & Kamaris Riss (Kami) tied with a 2-lb Ocean White Fish each.

Big Fish of the Month Report:

So far Mike DeSart's 26.5 lb. Halibut caught off Santa Cruz Island is the big fish for June.

Upcoming events:

July 6th	(Free Fishing Day)
July 28th	CIYC Anglers' Charter on the Aloha Spirit (SOLD OUT)
August 31st	In-Harbor Fishing Tourney (Free Fishing Day)
September 6th	Channel Islands Billfish Tourney Kickoff Dinner
September 7th to 11th	Channel Islands Billfish Tournament
September 13th	Channel Islands Billfish Tourney Awards Dinner at PCYC
November 9th	Anglers' Awards Dinner

Men's Fishing Tournament
PICTURES from Don Matsumoto

On May 18th *Dawn Patrol* with Skip Miser, Rande Lance, Don Matsumoto, Bob Deyling and Bill Magee, and *Angler Management* with Mike DeSart, Marc Gault, James Glass, and Dan Estabrook ,competed in the Men's Annual Anglers' Tournament.
It was a great day on the water.
Don Matsumoto won 1st place with a 20.5 lb. Halibut,

2nd Place went to James Glass with a 20 lb. Halibut, **(OOPS No picture)**

3rd Place was Rande Lance with a 15 lb. Halibut.

Also caught were a 12.5 lb. Halibut by Dan Estabrook, a 10.5 lb. Halibut by Skip Miser and a 5.5 lb. Halibut by Mike DeSart.

PLEASE POST PICTURES ON FACBOOK!

Suntex Increases Its Investment in Channel Islands Harbor

On June 18, 2024, the Ventura County Board approved the transfer and assignment of Channel Islands Harbor Parcels H-1, H-2, X-1B, and X-1C from Marina Emporium Landing LLC, controlled by Steve Buenger, to SMI Marine Emporium LLC (SMI), a wholly owned subsidiary of Suntex Marina Investors, LLC (Suntex). Suntex will provide the guaranty for the lease.

Previously, in May 2024, Suntex acquired Almar Marinas which gave Suntex ownership and operation of four marinas in the harbor. In 2022, Suntex through SMI also purchased the leasehold for parcels N and P, the location of boatyard and dry storage operations, from TBYCI, LLC.

With these investments, Suntex will control around 27% of the harbor's boat slips (not including Westport marina); the harbor's boatyard and dry storage operations; and the harbor's best-performing retail center, Marina Emporium Landing.

Suntex also plans to sublease the Boatyard Service building on Parcels N and P to Legacy Marine, LLC, so Legacy can operate the boatyard and dry storage businesses located on these parcels.

Per the Harbor Department's report to the County Board of Supervisors, Suntex has over 60 marinas, 11 boatyards, 24 dry storage facilities, and other leisure services in its portfolio. It has more than $1.5 billion in assets, $14.2 million in cash, and an ability to borrow approximately $249 million in additional funds.

County Conducts Community Workshops on Mitigating Hazard of Coastal Sea Level Rise

On June 11th, the County's Planning Division conducted a workshop specifically focused on the Hollywood and Silver Strand Beach areas. The purpose of this workshop was to get community input on the draft of the updated County Local Coastal Plan and its proposed amendments aimed at preparing these at-risk coastal areas for the inevitable impact of sea level rise and coastal hazards.

A vulnerability assessment by coastal area within the County (23 miles of unincorporated coastline) has been done. Drafts of policies and zoning amendments are being proposed for: real estate disclosures, risk assumption, siting and design of new development, hazard reports for new development, building elevations, construction codes, and seawalls. Sea level rise projections have been done and vulnerabilities by area mapped. Photos of historical hazards and maps of projected future sea incursions are done. These are all available to the public at the following website: https://www.vcrma.org/vc-resilient-coastal-adaptation-project. For more information, email Aaron Engstrom at aaron.engstrom@ventura.org

It is important to note that July 20, 2024, is the deadline for public review and input on the proposed Local Coastal Plan amendments and zoning ordinance updates. The plan is then to schedule a Fall hearing at the Coastal Commission for approval of the proposed amendments.

Those who reside in or near a coastal area may want to review the proposed County Local Coastal Plan amendments as they will impact future development, building and renovation requirements, flood hazard abatement, and coastal resource management.

For a list of documents additional details and contacts see: HBCA.info

Hi, Everyone!

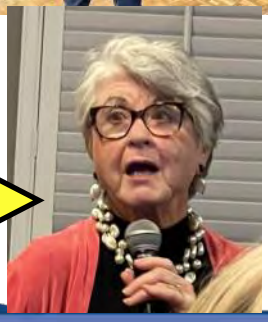
Thanks to all of those who attended the Father's Day Dinner. The raffle was fun with prizes of special caps and wine. Also the 50/50 drawing for $185.

Evelina Arglen and crew prepared an excellent dinner! The hardworking crew consisted of Eleanor Hovaten, Elese Gonello, Linda McCulley, Katie Love, and George Arglen. Thank you, ladies and gentleman, for a great meal and for your hard work. You are very much appreciated!

That is all I have to say for this month, The Islanders Board is working on some more fun things to do.

Eveline Paullin
First Mate 2024

If you would like a printed and stapled Roster, Carol Naylor will make one for $5 . Find her at the club—or email Carole Naylor <carolenaylor501@gmail.com>



Don't Pick on My Calories - Go Pick on Someone Else's Calories!

You need to lose weight, so ingest fewer calories and do some exercise. This is your doctor's advice. You weren't told which calories. Therefore, the natural assumption is that all calories are fungible. That would mean that it doesn't matter what you eat but how much you eat.

And, therefore, it becomes your personal responsibility what and how much you eat. So the onus is on the victim and it's the victim's own culpability.

It is that true? Is a calorie a calorie? No. That is wrong, but the food industry doesn't want to give it up. It's their protection. They blame you. You eat too many calories. Not their fault. And you don't exercise.

They measure the calories you consume, not the calories you absorb for your own metabolism. Much of what you eat is also consumed by intestinal bacteria (your microbiome). Not only are you feeding yourself, but also trillions of microbes in your gut. And occasionally a parasite or two. So the calories you took in are not the calories meant for you.

And if you eat excess protein, more than you need to build and replenish your muscles, where does the excess protein go? Well, it goes to the liver where its amino acids are "deaminated" and placed in what's called the 'Krebs cycle' to produce energy. However, that process requires extra energy. More calories are expended than produced. Hmmm…

How about fats? On one side you have omega-3s, the best thing your body can have. Three essential fats in them. You can't live without them. One gram of omega-3 equals 9 calories. And then you have trans-fats. The worst thing you can put in your body. The body can't break down trans double bonds. Your mitochondria can't. They are stored in your body producing harmful inflammation and you can't get rid of them. But they also equal 9 calories per gram. See, calories are not equal as far as our nutrition is concerned.

And then you have glucose and fructose. One gram of each is 4 calories. Glucose is used for fuel and energy production, the body does use it. Fructose, on the other hand, is mitochondrial poison and the liver can only process 5 g of it per day. The excess fructose produces fatty liver and uric acid. Hello, metabolic syndrome and gout.

So it doesn't so much matter what you eat. What matters is what your body does with what you eat. In physics calories are determined by how much heat is produced when something is burned. It doesn't have to have nutritional value. Would you eat sawdust? Well, without consumers knowing it, some food companies have actually added sawdust to their product. They figured nobody would know. Now you know.

It's unlikely the food industry will change its attitude regarding this. If they can pin the blame on your excessive calorie intake, it makes you culpable. Not their processed food filled with sugars, fructose syrup, vegetable oils, preservatives, and dyes. It's the calories that keep them out of court.

Postscript - I am starting a Substack newsletter which will appear weekly and will have expanded topics as seen in Doc Lines. But there will be more sarcasm and humor, and more controversial topics. You can visit the site and decide if you wish to subscribe. It's free.

Veterans enjoy a day on the water thanks to annual Disabled Veterans Sail Day

By Tracy Lehr

OXNARD, Calif.-The Channel Islands Yacht Club hosted its 11th Disabled Veterans Sail Day on Sunday.

Veterans sailed out of the Channel Islands Harbor in Oxnard.

Many sailed on a tall ship for the first time.

The Mystic Whaler and its crew took part, for the first time, too.

Others sailed on boats belonging to yacht club members.

Joseph Hyde, who said he experiences post traumatic stress took the helm of the boat he sailed on with friends.

Hyde's friend and fellow veteran Randy Braganza captured the moment on video.

"For me, just being out on the water is very calming, the sounds the air, the wind, the smell of the sea, all of that, to me it is very healing," said Hyde.

Some veterans onboard the New Adventure with Captain Doug Dodge made it all the way to Anacapa Island to take a look at the famous Arch Rock.

Members of the National Association of Black Military Women, including retired Air Force veteran Darlene Carnes, took part.

Carnes didn't mind the June gloom weather.

'It is just a coming together for a relaxing time, fun in the sun, well not this time, fun in the water." said Carnes.

Founder Bill Brayton isn't a veteran, but appreciates their service.

Brayton said when he mentions the event businesses including Western Bagel, The BBQ HQ in Simi Valley, Limoneria, Wounded Warrior Project, Vintage Marina Partners, CBC Federal Credit Union, Ventura Harbor Boatyard, and the Channel Islands Maritime Museum do their part.

They donate food, services and event entrance fees.

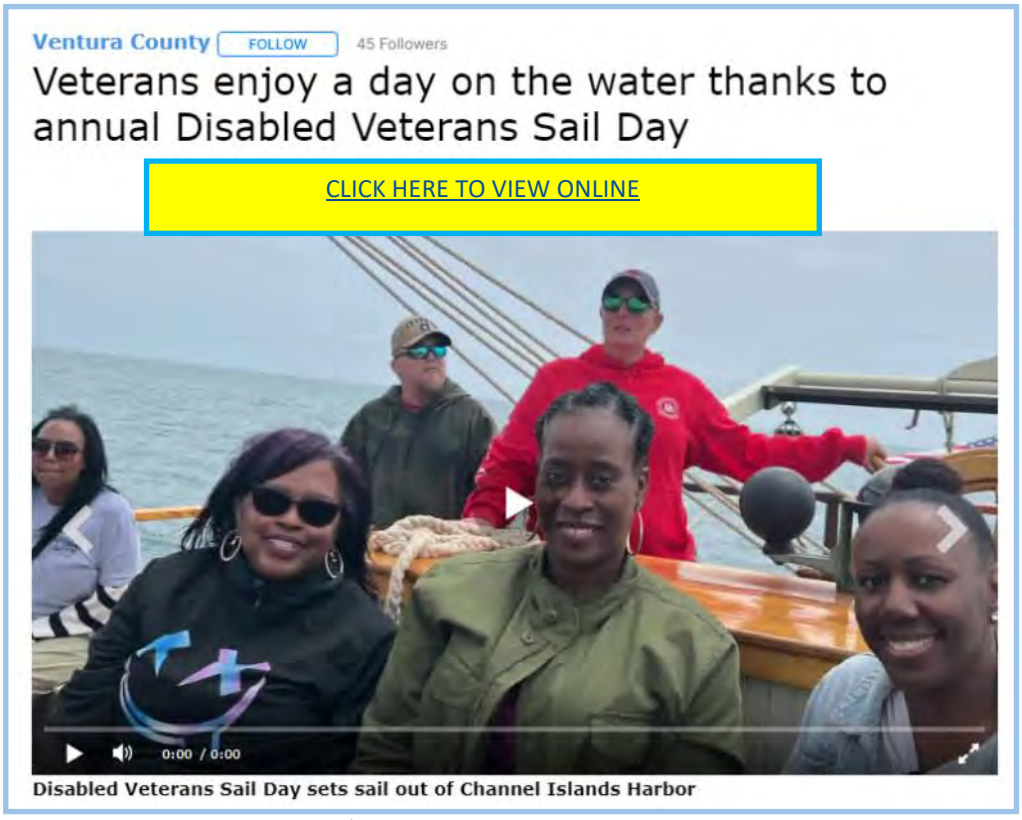
Dozens of yacht club members enjoy helping out.

After several hours of sailing the Channel Islands Yacht Club treated the veterans to a BBQ picnic in a big tent on the lawn, and had a drawing for giveaways.

"We are just so glad that they come out and we want to appreciate their service to this great country and treat them to great day and yeah it is great," said Brayton.

They will do it all again on a Sunday in June next year.

Chief Warrant Officer Two, U.S. Army Retired Latia Suttle shared video and photos of her Mystic Whaler sail.



Disabled Veterans Sail Day sets sail out of Channel Islands Harbor

Cruising Corner *by Dr. Garry G. Kraft*

A Memorable Memorial Day.

Saturday, May 25, 2024, was scheduled for a CIYC Cruise to, hopefully, Cueva Valdes, Santa Cruz Island. The weather was not benign and I changed my destination to Ventura Harbor to stay at a friend's dock in the Keys. As I was leaving Channel Islands Harbor entrance, just outside of the breakwater, ran over the top of a very large wave which dropped me off on the backside, the impact slamming me into the helm chair with intense pain onset, almost blacked out. Made it back to the harbor, laid on ice, symptoms progressed. By the next day, my back and pelvic pain progressively worsened. Since I only live a block away from the hospital, the intent was to drive me to admitting. Could not get off the couch and had to call ambulance transport to St. John's Regional Medical Center's Emergency Department. Initial x-rays and CT scan detected fractures superior, inferior end plates, L2 vertebrae.

Subsequently underwent kyphoplasty, Friday, May 31, via neurosurgeon Arinwuni Oni-Orisan, M.D. Analgesic IV Dilaudid was not managing my pain and oxycodone was added. Released from the hospital Monday, June 3. Home healthcare has been proffered.

This type of fractures can take quite a period of time to heal. Luckily my pain, which waxes and wanes in intensity on a daily basis, has a trajectory moving in the right direction. Apologize, but I probably will not be able to organize cruises for the next several months...

I bought my first boat, a Ron Holland 43, in 1992 and have been regularly boating since. I've sailed to Hawaii, done many Newport/Ensenada races, sailed to Catalina, done local trips to Santa Barbara Harbor and Santa Cruz Island >200 times by now, and until this recent incident the worst trauma incurred was when my anchor hatch slammed my thumb.

I wasn't being complacent, this was just pure bad luck.

I am a strong believer in boat preparation, but sometimes, calamitous things will happen.

Stay safe out there.

Garry
