ATTENTION ALL CIYC MEMBERS & GUESTS!!

The ISLANDERS present the annual TREE LIGHTING ceremony to begin the holiday season!

Saturday, December 3rd

Cocktails 6:30

Tree Lighting followed by
Buffet Dinner at 7:00

And **NEW** this year!!
Enjoy dinner entertainment by
The CIYC Carolers

as they sing all your favorite holiday songs!

After dinner, pull up a chair and join in for a casual sing-along by the Christmas tree

The Islanders will provide dinner:

Ham & Turkey

Mac & Cheese

Roasted Mixed Vegetables

Salad and Rolls

Please bring a dessert to share

Please sign up in reservation book at the bar

Message From The Commodore Vidar Bech

It is with mixed feelings I write this, my last article as your Commodore, and my 36th in all. I don't know how to thank all of you that have stepped up and helped along the way. There are too many of you to list all your names, but you know who you are. I know we are a self-help Club, but it is still so gratifying when members are willing to help out.

As I step down, I am concerned about our Racing and Cruising activities. As a Yacht Club, these activities are important to maintain. Financially, we are doing reasonably well and the Budget and Finance Committee is keeping a close eye on our finances.

Looking back, as Rear Commodore, I feel my biggest accomplishment was cleaning up the RAM program and making sure all the RAM members qualified according to the rules. Also, sweeping all the categories in the Holiday Boat Parade was sweet. Being Vice Commodore was quite an uphill obligation, being responsible for all the Wednesday dinners and keeping our clubhouse in ship-shape; it does show its age. As Commodore, I feel we got our Club going in the right direction and with the New Incoming Bridge and Board, our future is looking good. I will still be around and help as I can.

So, to all of you that have helped to keep our Yacht Club Prosper: **THANK YOU, THANK YOU and THANK YOU.**

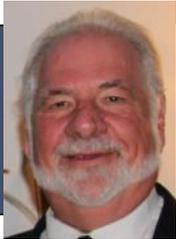

There is no Next Time,

**Sincerely,
Vidar Bech
Commodore**

Foot Note:

Just came back from a very nice and fun Cruise to Santa Barbara. "Bother Me Tomorrow" with Tim and Jennifer Smith, guests Mike and Karen Farrell, "Pelagic Pelican" with Dann Daggett and Cindy Crockett and the "Blue Mast" with Marnie and me. We were all docked at the SBYC guest dock. The customary Sunday Brunch at SBYC attended by 18 CIYC members and 2 guests were as usual very nice and tasty. This was cruising at its best. Good Job **Dann** and **Cindy**.

Message From
The Vice-Commodore
Sheldon Berger

"Be careful what you wish for in this world, for if you wish hard enough you are sure to get it." I once heard a very wise man say this, and the longer I live the more firmly I believe it to be true.

Sarah Orne Jewett, *The Atlantic Monthly*, Volume 67, 1891 is the possible original source of this quote.

So, here I am taking over the leadership of CIYC. I am truly excited and look forward to working with our new members of the Board and our returning Board members to offer their experience and guidance.

2017 will be a great year for CIYC. Our finances are in order and there is no need for a dues increase! The entryway remodel under the expert guidance of Bob & Mary Lou Taylor is nearly completed. The kitchen is now fully organized with thanks to all that helped. Our membership is climbing not declining. Thanks to all of our members for a great year.

Our painting crew has been instrumental with the upgrades of the entryway. Thanks to Bob Deyling, Bob Taylor, Dennis Van Daalwyk, Mike Farrell and Vidar Bech. Thanks to Skip Miser for the granite counters. They look great.

Our Wednesday crews for November included Carter Gage and the Bridge Club, Bob & Pam Nast, Bill Brayton, Jerry Wood and Skip Preston. Many thanks to Gary Johnson for taking the helm for our annual Thanksgiving Feast. Gary handled the yearly Anglers Awards Dinner and Thanksgiving dinner just a few days later. Thanks to all who helped. The meals were delicious.

CIYC grows with membership. The larger the membership, the greater the organization. New blood brings new enthusiasm. Our newest members have been a tremendous help over the past year. Bring a guest to a dinner or a happy hour. Once introduced to CIYC and the benefits of our great Club, these prospective members now have the opportunity to be a part of the greatest organization at Channel Islands Harbor.

Lastly, I again want to thank all the members who have supported me this year and I look forward to 2017.

Sheldon Berger,

2017 Vice Commodore.

Message From
The Rear-Commodore
Penny Lipp

This is my last article for 2016 and my last article as your Rear Commodore. This year had many challenges and many rewards.

A new Board of Directors is incoming to provide you solid leadership for the next year. Thanks to all those people who have assisted me in 2016, especially Bill Brayton, PRO, RAM Captain, and DAV Chair. Thanks to Jane Thomas as our Race Chairperson. A special thanks to Frank Sullivan and his vessel, along with the assistance of Tom Warden.

Special thanks to Dann Daggett and Cindy Crocket for assisting with our cruising events. Thanks also to Bob Taylor for introducing the electric boat activities to CIYC. Another special thanks go to Frank Laza for heading up the 4th of July Parade. Let's hope this event becomes an annual tradition!

Thank you, Carter Gage, for hosting our great dingy party.

The Parade of Lights Committee is diligently working towards their goal for another Sweepstakes Award.

Here is to a successful 2017! Happy New Year . . . ciao, adios, au revoir, arrivederci, sbohem, and of course, farewell.

See you on the high seas,

Penny Lipp,
Rear Commodore

Message From
First Mate
Karen Farrell

Hello Channel Islanders and CIYC Members!

As we quickly approach the Holiday season.... I first want to announce the **2017 Islander Board:**

1st Mate: Karen Farrell
2nd Mate: Eleanor Hovaten
Corresponding Yeoman: Laurie Preston
Recording Yeoman: Ginny Matthews
Purser: Mary Ann Moore

We had a wonderful dinner at the Islander Election Dinner by our Luncheon/Dinner Chairman Joyce Sheridan and her crew, Linda Weisfuss and Judy Fraser – Thank you, thank you.

Special this year, we will have a **TREE LIGHTING BUFFET DINNER & SOCIAL**. Please see flyer in this newsletter for complete information.

The **JINGLE BELL BRUNCH** scheduled for December 11 had to be cancelled. With the Parade of Lights the night before and on Sunday the Santa to the Sea race, which closes Harbor Boulevard, it just wasn't going to work. For 2017 will we be having the brunch on the first Sunday, as it has been in the past.

On **DECEMBER 13TH**, we will have an Islander (membership) Holiday/Thank You for 2016 Cocktail Party at the Club. Details will follow by invitation! Hopefully, we can get some of you to sign up for committee or fundraiser opportunities.

We will need volunteers December 26 & 27 to undecorate the Club; then, December 29 & 30 to decorate for New Year's Eve. Please consider helping! It's fun and you get to know other members while working together.

I will be gone from December 18th to January 3rd enjoying a nice Caribbean Cruise with my husband and some family. Eleanor Hovaten, 2nd mate, will be available if you have any questions during that time.

Happy Holidays and Farewell to 2016!!

Karen Farrell
1st Mate 2016

Anglers' Corner - December 2016

By Frank Sullivan

So ends another fabulous fishing season! The CIYC Annual Anglers' Awards Scampi Dinner was well attended with 80 members and friends participating. **Sharon Sullivan, Mary Ann Moore, Erika Barbaric, Marylou Taylor, Annie Landry, Sharen Matthews and Pam Nast** had the big task of setting up the room. The food prepared by **Gary and Joyce Johnson, Harry Krum, Rosemary Lippert, Elyse Gonnello, Skip Preston, Jim Lee and Bob Nast** was outstanding. Everyone I talked to raved about it. The dinner and raffle is a fundraiser for the Anglers' Club and the funds are used for the WSB grow-out pens and other projects around the Club. Thank you: **Erika Barbaric, Mary Ann Moore and Marylou Taylor** for selling the Raffle Tickets. And thanks to **Cecily, Don Dickey, Gary Johnson, and Jack Borkowski** for helping to get items for the Raffle. Sorry if I missed anyone!

Joyce Johnson got the Big Fish of the year Trophy plus a \$100 check for catching a 47 lb. Halibut. The Men's Fishing Tourney Trophy went to **Gary Johnson**, who caught a 10.4lb Yellow Tail. **Joyce Johnson** won the Ladies' Tourney Trophy with a 7.6 lb. Barracuda. Then **Bill Lynch** was presented with the very well-earned "**Sportsman of the Year**" Award. He worked on the WSB Grow-out pens as well as rebuilding the feeders and designing a special tool to remove and replace the "L" bolts that secure the nets to the floats.

WSB Pens Update: Once again our Grow-out pens were recognized by SeaWorld Research Institute for being the highest producing Volunteer-run facility in the statewide system. In February, we released about 2,000 fish after losing almost half to predators. In August we released a little almost 18,000 after doing some aggressive repairs to the pens. In November we took delivery of 12000 fish to hold over the winter.

Anglers' Club Info: Angler's dues of \$10 for the 2016 fishing season are due January 1st 2017. Please send in your Angler's dues with your regular club dues billing. If you forgot and sent the CIYC dues in without the anglers' dues, you can provide a SEPARATE check made out to "**Channel Islands Yacht Club, Anglers**" and put **Anglers' Dues** in the memo section of the check and send it or bring it to the Club.

Reminder: Rockfish season ends December 31st 2016 and doesn't reopen until March 1st 2017! These species may only be taken or possessed in waters **less than 360 ft. (60 FM) deep**. The daily bag and possession limit is 10 fish in combination of all species within the RCG Complex. There are exceptions so check here : <https://www.wildlife.ca.gov/Fishing/Ocean/Regulations/Groundfish-Summary#south> to get the most current regulations!

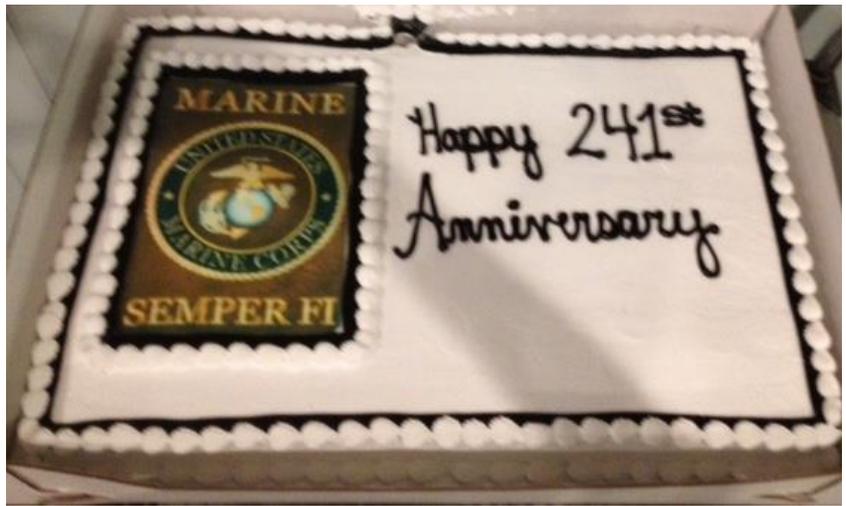

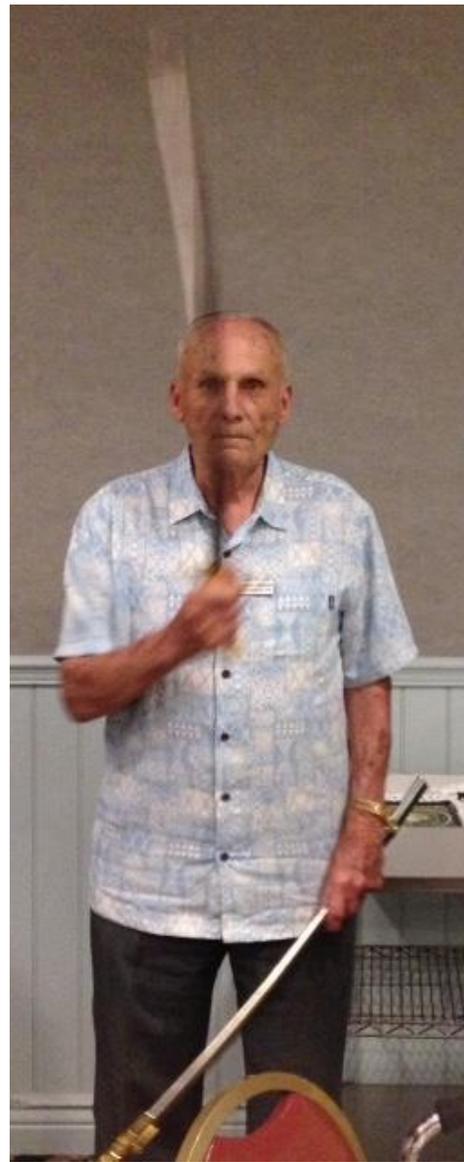

Yelloweye rockfish, canary rockfish, bronzespotted rockfish, and cow cod may not be retained (bag limit: zero).

When you are a **CIYC Anglers' Club** member you can win \$50.00 if you bring in the biggest Legal fish of the month. Marlin, sharks, rays and tournament fish do not count. You can only win once a year, but as the Lotto people are fond of saying "You can't win if you don't play".

There is a scale in the shed where the ice machine is. All you must do is weigh the fish in with a CIYC club member or bartender as witness and record the weight, or Weigh in at the certified scale at PCYC or CISCO's Sportfishing. Put the record in the Anglers mail box in the hall down stairs. If you like, call me on my Cell 805-205-4073 and I will witness your catch and take a photo for the Currents. You may also e-mail me the photos and details.

You may also win the Big Fish of the year and \$100 if you turn in the largest fish before the Anglers awards dinner occurs in November. The Big fish of the year **does not** have to have been a big fish of the month winner and may be a tournament fish other than marlin, sharks or rays.

Doc Lines

On the Horns of a Dilemma

We all know the Zika virus may cause microcephaly and other neurological problems. Also, the virus can be found in sperm long after the acute phase, and it can transmit through intercourse.

Recently, it was discovered that the virus can cause testicular atrophy, where testicles become small to about 10% of the original. That raised alarms. We can live without brains, but can we live without balls?

That cannot stand. What would happen to bocce ball tournaments? What to do? Well, developing a vaccine is one way. Another is to eliminate the carrier, the mosquito.

There are different abatement programs, including spraying. The most recent one is genetically modifying male mosquitos so that after mating in the wild, their eggs don't hatch. Limited releases in test areas reduced mosquito populations by 96-99%. No more Zika, Chikungunya, Dengue, Yellow Fever, Malaria, St. Louis Encephalitis, West Nile Virus, La Crosse Encephalitis, Filariasis, and Canine Heartworm. No more toxic spraying. Wow!

This reminds me of when Red China in the early 1950s was suffering from bad crops: They blamed birds eating peasants' seeds. The government ordered the people to take their pots and pans and make noise at exactly the same time, all together, for a month. That prevented birds from landing, and the avian population plummeted. Not only the seed thieves, but all birds. The ensuing years saw devastating famines as insect populations exploded, destroying crops.

That question now faces the WHO and FDA, and many governments whose entomologists are working on genetic mosquito programs. What are the unknown consequences of eliminating the world's mosquito population? Would bats starve, would birds die, would freshwater fish decline, would some other species explode or fill that niche? Will governments err tragically as Red China did, or is this the way to eliminate myriad diseases? In 2015 limited tests were done in L. A. and on Fire Island, NY, without untoward effects. Key West is against it. What to do?

Follow-Up on Viagra Replacement (Another Horny Issue)

Many of you expressed a desire to get your hands on the gel discussed in my recent Doc Lines. The names of interested parties will be published shortly. Unfortunately, for now, it can only be purchased in European pharmacies and on the Web in some European countries. So, those of you travelling to Europe may consider bringing some back to share!

Australian scientists are taking a different approach: They're developing an oral spray laced with a drug similar to Viagra. So far, experiments were conducted only on rodents. But it is very effective. One spritz into the mouth, and BOOM! It may be two years before it hits drugstores.

Your Fleet Sturgeon, Zoran

Thanks to Erika for editing.

DO YOU KNOW? - Joyce Sheridan & Clark Owens

By Keith & Mary Ann Moore

Today we combine the stories of two special people. What an asset they have been for the Club!

Joyce: Dad stopped having kids when we started coming in two's. My twin sister Joan and I were born in Houston, Texas, 2 of 4 girls.

Sugie, is 10 years older and now lives in Lockport, Illinois. Betty is 6 years older and lives in Phoenix, Arizona. When I was 3, Dad transferred to the Texaco Refinery in Lockport, Illinois as their Chief Accountant.

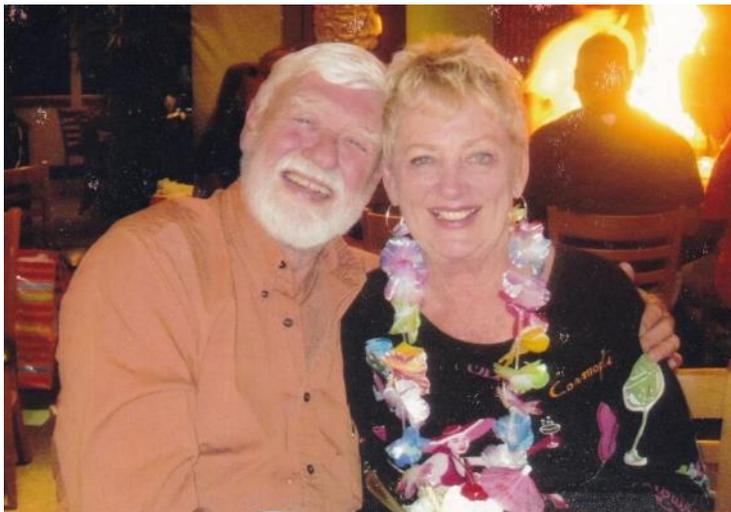

The day after graduation from high school (now I'm 17), Daddy transferred to the refinery in Anacortes, Washington. Joan married her high school sweetheart that summer and moved back to Lockport.

I attended the University of Washington. In 1960 I started my career with Trans World Airlines as a "Stewardess" (as we were called then). I flew for 32 years for both domestic and international destinations. During the Vietnam War, I flew some of the Military Air Command charters.

In 1963, I married my first husband, Jack, (we won't talk about the others) and lived in Hollywood. We moved to Ventura in 1974. Jack had a massive heart attack and passed away in 1975. After Jack's death, I moved to Port Hueneme.

I joined CIYC in 1978 and instantly fell in love with this organization. Working hard with the members, and partying even harder, I was extremely involved and got to know most everyone in the Club.

In those early days, we were a wild and crazy bunch.....now we're just crazy! I was elected to the Board in 1992 and the Bridge in 1994 as Vice Commodore, and became Commodore in 1995. I then served as Islanders First Mate in 2002, and the rest is history! I still work hard, party hard and live life to the fullest! I am so blessed to call CIYC my extended family!

Cont'd: next page

DO YOU KNOW? Cont'd from: prior page

In 1999, I met the man of my dreams – Clark Owens. A friend who was renting a room from me introduced us. She and Clark were working together in real estate. We dated for a couple of months. Then one night, we broke up for reasons I won't go into that lasted for about 24 hourswhen he pinned a white handkerchief on my garage door and surrendered! We have been together ever since.

I love cooking, decorating, golf, bowling, bocce ball, dancing and most sports. Clark and I are both retired now and look forward to do some traveling.

Clark: I was born on a Sunday in Wichita, Kansas, on the 3rd floor of a Brown Stone to the music of a calliope in a parade with elephants, giraffes and tigers, announcing that the Circus had come to town. We moved to Searchlight, NV. I went to school in a one room barn-like building for grades 1 thru 12. What fun, population, small. I moved to Tucson, AZ for five years, and then joined the Air Force.

Out of the Air Force, I couldn't find a job. So as a "Future Farmer of America", I sold magazines door to door, working my way through school, This was a come-on of course, but it sold magazines! While on the road, I met the mother of my three kids, quit selling magazines and went to work for Raytheon in Santa Barbara. From there, I began my Real Estate career in Ventura. I owned Owens Realty and after 20 years sold it when the economy changed. I then went with Young Realtors as a manager.

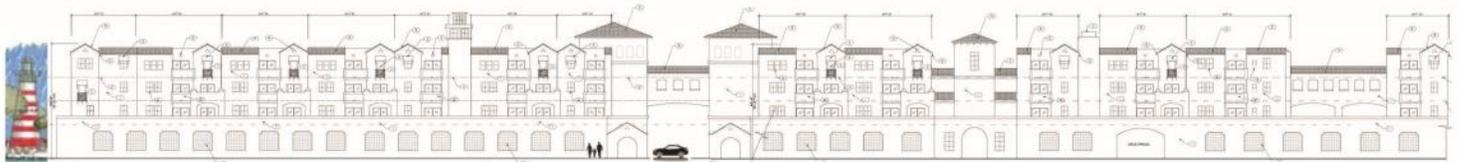

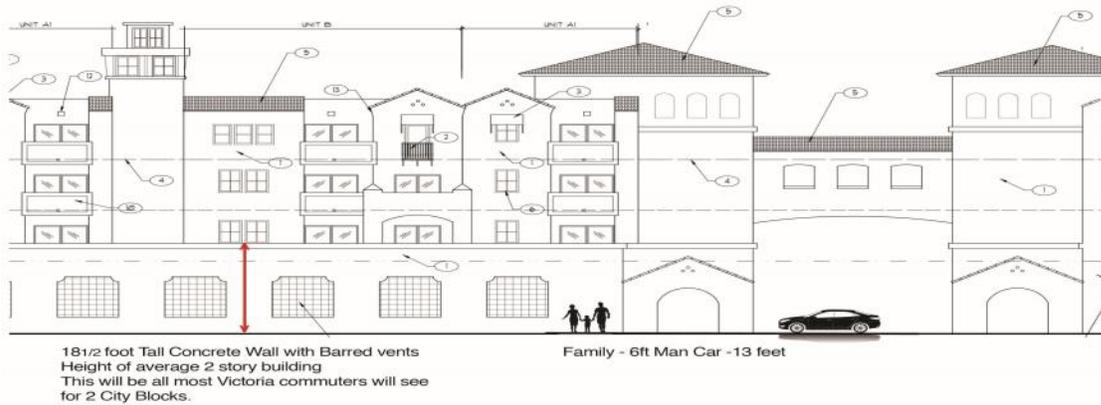

With 45 years in real estate, I'm now retired. I was President of the Ventura Board of Realtors twice, President of the Ventura Chamber of Commerce, received the Paul Harris award in Rotary, and served on the Ventura Planning Commission among other civic organizations. Presently I serve on the City of Oxnard's Senior Services Commission.

In Ventura, I joined the Ventura Yacht Club. Soon after, I was introduced to Joyce. And you guessed it, I quit VYC and joined CIYC. Sometimes we make the right move and this was one of those times. I served as Commodore in 2005. It has been a great life, both with CIYC and especially Joyce. Who could ask for more?

So when you next see Joyce and Clark, don't hesitate to visit our CIYC historians!

And stay tuned for the next **Do You Know?**

East Elevation - from Victoria facing toward Harbor
View seen by commuters on Victoria

Scale: Family & Car

Scale: 51 foot tall Lighthouse

West Elevation - From Harbor facing toward Victoria.
View seen from Paz Mar apartments

Headline:

Fisherman's Wharf Proposed Massive Apartment Complex's Walls Out Boater Parking and Public Access

The above building plans show what you will see from Victoria Avenue or from the Harbor. The top architectural drawing is the east side of the building that faces Victoria Avenue. The first level is a wall 18 1/2 feet high, the height of an average two-story building. It will be 2 city blocks long with barred vents to a private parking lot only for the apartment residents. Interestingly, this elevation was not shown to the public and was only obtained through the Public Information Act.

The drawing below it was used for promoting the project to the public. It depicts the west side which faces the Harbor and can be seen only from the inside the harbor and Paz Mar. It conveys an airy, open impression with many large "view corridors". View corridors are required for coastal projects but the "blue sky drawing" gives the impression you can see through the project. The east side shows the project is four stories high and does not have such "view corridors". This proposed complex is also not consistent with the Coastal Act that places residential development as a low priority for coastal land. Is this the right project to develop on public land in our harbor?

Cont'd: next page

Cont'd from prior page

Headline:

County and Developer Threaten City of Oxnard with Lawsuit Demanding an Expedious Processing of an Amendment to the City's Local Coastal Plan

On August 24, 2016, the California Coastal Commission notified the Harbor Director that their proposed Public Works Plan Amendment application was incomplete and would require among 8 items:

- an amendment to the City of Oxnard's Local Coastal Plan
- a more comprehensive traffic study reflecting peak visitor times in the summer, and addressing the impact of the project on traffic volumes and public access.

On September 1, 2016, the Harbor Director officially submitted a letter requesting that the City amend its Local Coastal Plan (LCP) to conform to its General Plan adopted in 2011. The Harbor Director has claimed that under state law, the City is obligated to conform its LCP to its General Plan. The Harbor Director is wrong. Within the Coastal Zone, the City's LCP takes precedence over the General Plan. In fact, according to the Coastal Act, the General Plan must conform to the certified and approved LCP.

Since the City is currently in the process of updating its LCP, it has requested specific information from the Harbor Department in order to determine the appropriate action it should take. This has resulted in letters threatening legal action from the Developer, Channel Islands Properties LLC, and from the County. Why all this pressure for a rushed decision from the City? The Harbor Department earlier even drafted an amendment for the City to adopt. Why such presumptive action and haste? The City of Oxnard has the jurisdiction and obligation to determine if it should amend its LCP or exercise any of its available options prior to an LCP amendment. Whatever the City elects to do, it should involve an open and complete public review process.

Help Stop this Massive Walled Apartment Project from Going Up in our Harbor with your Tax Deductible Donation.

The Harbor & Beach Community Alliance (HBCA) is a neighborhood grassroots group formed by harbor and beach residents opposing this specific development project. HBCA is not a 501(c) (3) however, the Western Alliance for Nature, an established non-profit, has generously allowed HBCA to fundraise through their organization on this public interest issue. There are no administrative fees. 100% of donations will pay for legal fees and experts to oppose the Fisherman's Wharf Project proposed with Public Works Plan Amendment 7. Donations are **tax deductible**.

Make your check out to: **Western Alliance for Nature** with a memo line: **CI Harbor**

Mail to: 3600 S. Harbor Blvd. #488, Oxnard, CA 93035

Rene Aiu, Harbor Delegate

At the time this article was submitted, we received a copy of the letter from the City of Oxnard that rejects the Ventura County's and Developer's threat of lawsuit demanding approval of an amendment to the city's Local Coastal Plan for the proposed Fisherman's Wharf project. More to come....

FROM THE LINEN CLOSET.....

It's that time of year again, and I want to take a minute of your time to thank all of you who have helped set tables on Saturday mornings. Erika, my right hand lady, once again you take the lead when I'm gone - can't do without you! Marnie and Mary Ann, also Les and Graham, you are the best, Mary Lou and Bob, what a great addition to the gang (sorry Bob, about the union trouble!). To all of those who show up when they can: Annie, Johanne, Nancy B., Barbara, Melodie, Eleanor, Pam, Donna, Joyce, Toni, Darlin, Carmen, Sharen - and the list goes on (I apologize if I have forgotten you), thank-you! I could not do this year after year without the help of all of you. And, to my husband, always there with me, THANK YOU!!

I will continue to do this next year (unless someone **REALLY** has a strong desire to take it over!). I am always open for decorating ideas. If you are cooking, remember, if you call or e-mail me early (by Wednesday morning) and let me know what colors you would like to see the tables set in, I will order those colors. If not, my choice!!

For those of you who have not had the "fun-filled pleasure" of setting tables for Saturday dinners, come and join us! You will always know when we will be there, just look for that e-mail on Friday. The more folks who are there, the faster we finish. Remember, we are a self-help club, and this may be the easiest 15-45 minutes you could spend helping at the club.

I hope everyone has a wonderful holiday, and may your Christmas be merry!!

Sharon Sullivan
